

TREES of LIFE

OUR FORESTS IN PERIL

Brian E. Stout

This book should awaken and drive you to action. It is a call to resurrect the traditional values of our Native American peoples, to prolong life on this planet. I am honored to ask my own Tribe to cooperate with the author, in emphasizing and sharing our relationships with Nature to protect what is most important to our own existence.

Trees and the Human Spirit Ruth Wilson, 2019-01-08 This volume presents a treatise on trees and how they relate to the human spirit Through its in depth discussion of the meaning of trees a need for a shift in thinking becomes clear Historically people in dominant cultures have viewed trees as resources to be used and forests as obstacles to such endeavors as farming and ranching This publication presents a different view of trees and forests one calling for a shift from domination and irreverence to respect and care even kinship While the text includes a discussion about some of the amazing characteristics of trees the primary focus here is on the philosophical meaning of and emotional connections with trees Its integration of disciplines and the recognition of different ways of knowing will make this book appealing to a wide variety of readers
