Singular Reference: A Descriptivist Perspective Francesco Orilia, 2009-12-01 Singular reference to ourselves and the ordinary objects surrounding us is a most crucial philosophical topic for it looms large in any attempt to understand how language and mind connect to the world This book explains in detail why in the past philosophers such as Frege Russell and Reichenbach have favoured a descriptivist approach to this matter and why in more recent times Donnellan Kripke Kaplan and others have rather favoured a referentialist standpoint The now dominant referentialist theories however still have a hard time in addressing propositional attitudes and empty singular terms Here a way out of this difficulty emerges in an approach that incorporates aspects of the old fashioned

descriptivist views of Frege Russell and Reichenbach without succumbing to the anti descriptivist arguments that back up the current referentialist trend The resulting theory features a novel approach to the semantics and pragmatics of determiner phrases definite descriptions propernames and indexicals all treated in uniform fashion in both their anaphoric and non anaphoric uses This work will be of interest to researchers in philosophy of language philosophy of mind and theoretical linguistics The wealth of background information and detailed explanations that it provides makes it also accessible to graduate and upper level undergraduates and suitable as a reference book **Bizarre** ,1854 Conversations with Contemporary Cinematographers Jacqueline Frost,2021-03-17 Packed with gems of wisdom from the current masters of light this collection of conversations with twenty leading contemporary cinematographers provides invaluable insight into the art and craft of cinematography Jacqueline Frost s interviews provide unprecedented insight into the role as cinematographers discuss selecting projects the conceptual and creative thinking that goes into devising a visual strategy working with the script collaborating with leading directors such as Martin Scorsese Spike Lee and Ava DuVernay the impact of changing technology and offer advice for aspiring cinematographers Interviews include Maryse Alberti John Bailey Robert Elswit Kirsten Johnson Kira Kelly Ellen Kuras Edward Lachman Matthew Libatique John Lindley Seamus McGarvey Reed Morano Polly Morgan Rachel Morrison Rodrigo Prieto Cynthia Pusheck Harris Savides Nancy Schrieber John Seale Sandi Sissel Dante Spinotti Salvatore Totino Amy Vincent and Mandy Walker Filled with valuable information and advice for aspiring cinematographers directors and filmmakers this is essential reading for anyone interested in the art and craft of cinematography *Working with Disney* Don Peri,2011-01-24 In this volume Don Peri expands his extraordinary work conducting in depth interviews with Disney employees and animators These interviews include conversations with actors and performers rather than solely animators This book offers Peri s extensive interviews with Marc Davis Frank Thomas and Ollie Johnston three of Walt Disney s famed Nine Old Men of Animation Peri interviewed two Disney Mouseketeers Bobby Burgess and Sharon Baird from the original Mickey Mouse Club Show providing valuable perspectives on how the Walt Disney Company worked with television Lou DeBney a Disney television producer discusses the company s engagement with television and live action film Walter Lantz talks about his work in the animation business especially with Oswald the Lucky Rabbit And Dave Hand discusses his legendary work on Snow White and the Seven Dwarfs Taken together the interviews in *Working with Disney* create an enlightening perspective on the Walt Disney Company as it grew from its animation roots into a media powerhouse Examination of the War on Poverty: Staff and Consultants Reports ,1967 *Examination of the War on Poverty: Staff and Consultants Reports* United States.
