When The Rooster Crows Vincent L. Perri, 2023-07-15 This book closely examines our commonly held beliefs about human suffering and offers unique insights into God's role in why we suffer Dr Perri critically examines what it means to be human from a Judeo Christian perspective and extrapolates from the work of Carl Gustav Jung showing a deeply complex development of human transcendence in human suffering On an interpersonal level Dr Perri elaborates on the work of Martin Buber and Emanuel Levinas and shows how our suffering can be shared and lessened by our unconditionality and presence for the other Scriptural passages are quoted from both the Hebrew and New Testament texts and are used to depict the suffering of humankind as seen in the face of Job It was this face according to Perri that Jesus saw in the faces of those He came to redeem and that ultimately brought Him to the crucifix of redemption Dr Perri challenges Sartre's position that our existence precedes our essence and draws on the work of Abraham Joshua Heschel and Christian theology in this regard He further elaborates a neurodevelopmental paradigm that creates essence as

the basis of our freedom to choose This book can be read and studied by both professionals in the helping and healing professions and lay persons seeking to better understand our suffering and how to better help those who suffer Dr Perri offers specific ways in how to be present for those who suffer how to read and receive the hidden language of human suffering and how to use silence as a communication skill
