A History of Hindu Chemistry from the Earliest Times to the Middle of the Sixteenth Century, A.D. Prafulla Chandra Ray,1903 **Yoga and Yantra** P. H. Pott,2024-09-02 The author asks to what extent a knowledge of the concepts of yoga may prepare the way to a better understanding of Indian archaeology The yoga at the basis of this study is that which forms the core of the Tantras In the first chapter the author surveys the system of Tantrik yoga He then continues with a discussion of the various forms of yantras that is all the means employed by yogis in their meditational exercises as aids to the concentration of thought The author provides in depth studies of ritual objects of the Lamaistic cult in Tibet and Nepal the sacred cemeteries of Nepal and pantheons in Java and Bali **A History of Hindu Chemistry, to the Middle of the 16th Century** Praphulla Chandra Ray,1902 **The Vedic Core of Human History** M. K. Agarwal,2013-12 The origin of world civilization can be traced to the Indus Valley cradle where brilliant and original thinkers made groundbreaking discoveries The history of these discoveries is recorded in the vast Sanskrit literature In this study author M K Agarwal explores the cultural and historical significance of the region He explores Indus Valley culture which encouraged creative thought as opposed to the Abrahamic faiths which herded followers into dogmatic thinking He holds that these religions prospered because of their unfettered hatred of the Vedic Hindu Buddhist peoples who were demonized as pagans to be murdered tortured raped enslaved and robbed He also considers the achievements of that culture such as the creation of the most affluent most scientifically advanced and most spiritual of all societies with archeological moorings that can be traced back to 8000 BC No other region can even come close to transforming people and culture like the Indus Valley but the world's Vedic roots have been ignored shunned and covered up Uncover the history that has been lost and develop a deeper appreciation for the true cradle of human civilization with *The Vedic Core of Human History* **The Religious History of India** ,1900 **Bhārataratna Mahāmahopādhyāya Dr. P.V. Kane's History of Dharma-śāstra, in Essence** S. G. Moghe,2000 *Sound and Communication* Annette Wilke,Oliver Moebus,2011-01-28 In Hindu India both orality and sonality have enjoyed great cultural significance since earliest times They have a distinct influence on how people approach texts The importance of sound and its perception has led to rites models of cosmic order and abstract formulas Sound serves both to stimulate religious feelings and to give them a sensory form Starting from the perception and interpretation of sound the

authors chart an unorthodox cultural history of India turning their attention to an important but often neglected aspect of daily religious life They provide a stimulating contribution to the study of cultural systems of perception that also adds new aspects to the debate on orality and literacy The audio samples originally included to the book as a music CD can be downloaded from this website under Supplementary Materials

Sacred Geometry Book of History, Meanings and How to Create Them Debbie Brewer,2019-02-12 Why is it that we are so drawn to and enticed by sacred geometry They start with simple mathematical shapes that combine to create elaborate illustrations of such beauty and elegance that we marvel at them Beliefs religious spiritual and cultural have been historically attached to them The specific design and creation of each individual sacred geometric pattern is thought among many cultures not only to demonstrate an understanding of specific universal concepts but to hold powers of mystical possibilities The aim of this book is to provide an understanding of the history creation and meanings of sacred geometry for those who are new to the subject and to open an insight into the beliefs placed upon them with the hope that it will inspire the reader s interest and imagination and increase their enthusiasm Enjoy learning how such simple shapes can evolve into inspiring and powerful patterns that weave through the fabric of our entire universe and reality *History Culture and Built Environment - III* Mr. Rohit Manglik,2024-03-05

Indo China Border results in a Chinese submarine lurking near the Andamans with a cargo of nuclear missiles As Rajiv starts connecting the dots clues emerge linking a Stone Age African tribe in the Andamans a lost bronze head the lost city of Shambala ancient UFO s and a massive Naval Invasion of Indonesia by an Indian Emperor more than a thousand years ago How does the tycoon relate to all of them Phallic Worship: A Description of The Mysteries of The Sex Worship of The Ancients With The History of The Masculine Cross Anonymous, Sex Worship has prevailed among all peoples of ancient times sometimes contemporaneous and often mixed with Star Serpent and Tree Worship The powers of nature were sexualised and endowed with the same feelings passions and performing the same functions as human beings Among the ancients whether the Sun the Serpent or the Phallic Emblem was worshipped the idea was the same the veneration of the generative principle Thus we find a close relationship between the various mythologies of the ancient nations and by a comparison of the creeds ideas and symbols can see that they spring from the same source namely the worship of the forces and operations of nature the original of which was doubtless Sun worship It is not necessary to prove that in primitive times the Sun must have been worshipped under various names and venerated as the Creator Light Source of Life and the Giver of Food In the earliest times the worship of the generative power was of the most simple and pure character rude in manner primitive in form pure in idea the homage of man to the supreme power the Author of life Afterwards the worship became more depraved a religion of feeling sensuous bliss corrupted by a priesthood who were not slow to take advantage of this state of affairs and inculcated with it profligate and mysterious ceremonies union of gods with women religious prostitution and other degrading rites Thus it was not long before the emblems lost their pure and simple meaning and became licentious statues and debased objects Hence we have the depraved ceremonies at the worship of Bacchus who became not only the representative of the creative power but the God of pleasure and licentiousness The corrupted religion always found eager votaries willing to be captives to a pleasant bondage by the impulse of physical bliss as was the case in India and Egypt and among the Ph nicians Babylonians Jews and other nations Sex worship once personified became the supreme and governing deity enthroned as the ruling God over all dissent therefrom was impious and punished The priests of the worship compelled obedience monarchs complied to the prevailing faith and became willing devotees to the shrines of Isis and Venus on the one hand and of Bacchus and Priapus on the other by appealing to the most animating passion of nature
