Theater of the Mind

The Magazine for Immersive Role Playing

The background of the cover is a painting. In the center, a woman with long brown hair, wearing a long white robe, holds a long, straight sword horizontally in front of her. To her right, in the background, a shirtless man is shown in a dynamic pose, possibly fighting or dancing. The setting appears to be a stone-walled interior with a purple, ethereal light source behind the woman. Above the title, there is a small illustration of a stone archway or doorway.

No More Masterpieces Lucy Bradnock, 2021-01-01 This groundbreaking account of postwar American art traces the profound influence of Antonin Artaud Proposing an original reassessment of art from the 1950s to the 1970s No More Masterpieces reveals how artistic practice in postwar America was profoundly shaped by the work of the rebellious French poet and dramatist Antonin Artaud 1896 1948 A generation of artists mobilized Artaud's countercultural ideas to imagine new forms of representation and to redefine the relationship between artist and audience The book shows how Artaud's radical writings inspired the experimental theatrical work of John Cage Rachel Rosenthal and Allan Kaprow the attack on artistic and social conventions launched by assemblage artists Wallace Berman and Bruce Conner and the feminist work of Carolee Schneemann and Nancy Spero Lucy Bradnock traces the dissemination of Artaud's writings in America and demonstrates how his interest in political and cultural disorder the dangers of authority and the unreliability of representation found fertile ground in the context of the Cold War disillusionment with the ideals of Abstract Expressionism and the early years of identity politics

Subscription Theater Matthew Franks, 2020-09-25 Subscription Theater asks why turn of the century British and Irish citizens spent so much time money and effort adding their names to subscription lists Shining a spotlight on private play producing clubs public repertory theaters amateur drama groups and theatrical magazines Matthew Franks locates subscription theaters in a vast constellation of civic subscription initiatives ranging from voluntary schools and workers hospitals to soldiers memorials and Diamond Jubilee funds Across these enterprises Franks argues subscribers created their own spaces for performing social roles from which they had long been excluded Whether by undermining the authority of the Lord Chamberlain's Examiner of Plays and London's commercial theater producers or by extending rights to disenfranchised women and property less men a diverse cast of subscribers including typists plumbers and maids acted as political representatives for their fellow citizens both inside the theater and far beyond it Citizens prized a democratic or representative subscription list as an end in itself and such lists set the stage for the eventual public subsidy of subscription endeavors Subscription Theater points to the importance of printed ephemera such as programs tickets and prospectuses in questioning any assumption that theatrical collectivity is confined to the live performance event Drawing on new media as well as old Franks uses a database of over 23 000 stage productions to reveal that subscribers introduced nearly a third of the plays that were most frequently revived between 1890 and the mid twentieth century as well as nearly half of all new translations and they were instrumental in staging the work of such writers as Shaw and Ibsen whose plays featured

subscription lists as a plot point or prop Although subscribers often are blamed for being a conservative force in theater Franks demonstrates that they have been responsible for how we value audience and repertoire today and their history offers a new account of the relationship between ephemera drama and democracy

Postdramatic Theatre and India Ashis Sengupta, 2022-01-27 This book revisits Hans Thies Lehmann's theory of the postdramatic and participates in the ongoing debate on the theatre paradigm by placing contemporary Indian performance within it None of the Indian theatre makers under study built their works directly on the Euro American model of postdramatic theatre but many have used its vocabulary and apparatus in innovative transnational ways Their principal aim was to invigorate the language of Indian urban theatre which had turned stale under the stronghold of realism inherited from colonial stage practice or prescriptive under the decolonizing drive of the theatre of roots movement after independence Emerging out of a set of different historical and cultural contexts their productions have eventually expanded and diversified the postdramatic framework by crosspollinating it with regional performance forms Theatre in India today includes devised performance storytelling across forms theatre solos cross media performance theatre installations scenographic theatre theatre as event reality theatre and so on The book balances theory context and praxis developing a new area of scholarship in Indian theatre Interspersed throughout are Indian theatre makers' clarifications of their own practices vis vis those in Europe and the US
