practically theological and purposely penetrates the surface of evangelical church. It is the present truth. A Westminster Catechism Martin Murphy, 2012-08. Systematic theology for laymen in the form of a catechism is the format of this book. It is a search for divine truth and theological integrity. More importantly, it is an explanation of the Christian faith. John Calvin said: When Divine Truth is avowedly attacked, we must not tolerate the adulteration of one single iota of it. It is certainly not a trivial matter to see God's light extinguished by the devil's darkness, and besides, this matter is of greater moment than many suppose. Nor is it true as they allege that he who does not acquiesce in the errors of others shows deadly hate by dissenting from them. Calvin's principle argument is as true today as it has been throughout the history of the church. Calvin was far more ambitious than we might anticipate in the church today. Theological integrity is as important today as it was five centuries ago. Theological integrity may be summarized by a belief system that works out consistently based on the Word of God. If your creedal statement is the result of your understanding of the full counsel of God, then your theological integrity will be demonstrated in human experience. It was theological integrity that brought Jesus to the point of a deadly confrontation with the right-winged conservative religious leaders of his day. This book is a summary of Christian doctrine based on the doctrine of the full counsel of God. Domesticating the Reformation Mary Hampson Patterson, 2007. This book rescues three little-known bestsellers of the English Reformation and employs them in an examination of intellectual and religious revolution. How did sixteenth-century English Protestant manuals of private devotion often to be read aloud stream continental theology into the domestic contexts of parish school and home? Patterson elucidates ideological programs presented in key texts in light of evolving patterns of public and private worship; she also considers the processes of transmission by which complex doctrinal debates were packaged for cultivating an everyday piety in a confusing age of inflammatory politicized religion. It is in the most prosaic challenges of daily realities that the deepest opportunities lie for experiencing the divine. Intersecting issues of piety rhetoric and the devotional life of the home, this book brings to life reformists' endeavors to guide popular responses to the Protestant revolution itself. A Layman's Confession of Faith Philip Whitwell Wilson, 1924. A Layman's THEOLOGY James Clark, 2008-02-01. This book is the presentation of a layman's take on the Christian Faith, not from the formal scholarly standpoint but by using the scriptures written in English, drawing on personal experience and attempting to use plain common sense. Christology of the Later Fathers Edward R. Hardy, 1954-01-01. This volume includes selections from the works of Athanasius, Gregory of Nazianzus, and Gregory of Nyssa. Through these works and those of other early Christian thinkers, this book surveys the development of early church theology. Long recognized for the quality of its translations, introductions, explanatory notes, and indexes, the Library of Christian Classics provides scholars and students with modern English translations of some of the most significant Christian theological texts in history. Through these works, each written prior to the end of the sixteenth century, contemporary readers are able to engage the ideas that have shaped Christian theology and the church through the centuries.
