There Hope Christian Faith Reformation:

Is There Hope for the Christian Faith? William Floyd Dopp, 2015-11-30 With a gentlemen's question, 'Is there hope for the Christian faith lingering in his thoughts?' William Floyd Dopp began to discover its answer while visiting churches in Africa. His experience with the powerful and vibrant life of African Christians, especially in the Anglican churches in Uganda, contrasted sharply with the foundering and fading communities of Christians he encountered in Europe and North America. *Is There Hope for the Christian Faith* shares the results of the authors grappling with this haunting and hopeful question. He tells how the church in Africa, epitomized by a church convention sign that proclaimed 'Jesus is our living hope', provides a sense of promise to churches like one in London where a brochure noted the church's purpose: 'Preserving Holy Worship'. Five hundred years after Martin Luther called for reform, a new call has led to the beginnings of another reform of the church. *Is There Hope for the Christian Faith* looks at why the church faces so many challenges and explores the hope shown by mission-minded Christians, great Christian authors, and mission-driven ministries in Africa. Yes, there is hope. The sign in Africa says it all: 'Jesus is our living hope'. The Westminster Handbook to Reformed Theology Donald K. McKim, 2001-01-01 Compact yet comprehensive entries on theological terms as understood from a Reformed perspective are contained in this book. With pieces written by esteemed Reformed scholars, this book gives easy access to a wealth of theological information and summarizes the most significant aspects of Reformed theology. *The Magazine of the Reformed Dutch Church*, 1827

Reasons to Hope Werner G. Jeanrond, 2020-02-20 Werner G. Jeanrond approaches hope from the perspective of a theology of love. He distinguishes human hopes from the hope which God has given to humanity. Jeanrond discusses the challenges of a Christian praxis of hope in today's world and invites both a new conversation on a future with God and a reassessment of the potential of hope for Christian discipleship. Jeanrond argues that memory is important for hope and that nobody can hope for herself or himself alone. Hope thus invites personal, communal, political, and global participation and transformation. Moreover, it gives rise to a powerful constellation of symbolic expressions including judgement, heaven, hell, and purgatory that call for ongoing interpretation. Ranging from radical hope and the hope for salvation to the power of judgment and contemporary fears about the future of nations, humankind, and the world, Jeanrond's latest work offers a theological contribution to the multireligious conversation on hope, death, and the human future in our universe.

Ecclesiology in Reformed Perspective Billy Kristanto,2022-07-11 This ecclesiological study argues that Reformed ecclesiology cannot be separated from Reformed Christology The christological foundation of Reformed doctrine of the church will be examined as Reformed theology portrays the important ecclesiological topics in the light of its christological thoughts This book offers potential for the future of the church with her pastoral concern It will serve as a stimulus against the erroneous paths of ecclesiocentrism on the one hand and church forgetfulness on the other Even though the chapters of the book deal with classical topics in ecclesiology the work will try to analyze and answer contemporary challenges the church faces This book is not a systematic treatment in the sense of an examination of the whole developed in terms of one principle that is Christology Rather the concern of this book is to expound the Holy Scripture realistically and to engage with the contemporary church in her concrete existence The study will weave together insights from biblical historical confessional philosophical and contemporary studies in a fruitful way

Being Reformed David H. Jensen, 2016-03-31 One of the most persistent slogans of Reformed theology is that it is reformed and always being reformed But what does this slogan mean This volume gathers thirteen essays written by a younger generation of Reformed theologians who teach and write on five different continents who together offer this work in Christian systematic theology Unlike many other works of Reformed theology however this book is framed by pressing contextual issues and questions instead of traditional loci Each chapter engages classical doctrine but does so through the lens of contemporary lived experience in particular contexts The result is not a theology where doctrines are applied to contexts but an approach where doctrine and context mutually shape one another The contributors take seriously the notion that theology is always being reformed and is always partial ever on the way hence it requires conversation partners beyond the Reformed family of faith The result is a study in Reformed theology that is thoroughly ecumenical **Evangelical, Catholic, and Reformed** George Hunsinger, 2015-03-06 Wide ranging doctrinal expositions by an expert scholar of 20th century theologian Karl Barth In this book prominent Barth scholar George Hunsinger presents fifteen essays on Karl Barth's understanding of Christian doctrine across a wide spectrum of topics concluding with suggestions as to how Barth's theology might fruitfully be retrieved for the future Hunsinger discusses Barth's views on such subjects as the Trinity creation natural theology Christology justification and time and eternity As he delves into Barth's theological substance Hunsinger highlights ways in which Barth's work was Evangelical Catholic and Reformed illuminating the ecumenical aspects of his thought No other volume explains Barth's views on this range of topics with such scope depth and clarity
