Speed Reading Lewis Fischer, 2017-12-12 Drastically Increase Your Reading Speed and Comprehension Accelerated Learning Learn How to Read and Learn Faster Speed reading is sorely misunderstood by many people who think that it is too good to be true. But in this book, it shows through the association of many examples and simple illustrations how you can take your present level of reading and within the next 24 hours triple your rate of words per minute. Think about that for a minute. If you are like most people, you are probably reading at about 200-300 words per minute. This book will teach you to get up to 600 words per minute in the next day. How effective will that make you? How much time would that save you? What is the opportunity cost of not taking this on? When we use speed reading, it saves us time. That's the obvious advantage, but not the most beneficial. When we speed read, each new piece of information has the potential to change the trajectory of our lives. It has the potential to endow us with knowledge, and that in turn has the potential to catapult our lives into the realm of abundant success. First of all, this isn't like any accelerated learning book you've ever read. There's no fluff or filler. Just bulletproof points to Learn Faster. So like I said, there's more to this little book than just speed reading. Here's a fraction of what you're getting: Easy Speed Reading Methods, How to optimize your Head Position and Posture while reading, Different patterns to maximize your learning potential, The psychology of Reading, How to get rid of distraction, be more productive and learn faster. All that starts here and now. The speed reading strategies in this book are well-proven and well-documented, and as you go through them, you will realize how simple they are and wish you had thought

about them sooner It s time to start your accelerated learning journey and the massive success you can achieve Download Your Speed reading book Triple Your Reading Speed In Less Than 24 Hours and start seeing results right away *Triple Your Reading Speed* Wade E.
