Wiki At War Conflict In A Socially Networked World:

Conflict in the 21st Century Nicholas Michael Sambaluk, 2019-08-08 This reference work examines how sophisticated cyber attacks and innovative use of social media have changed conflict in the digital realm while new military technologies such as drones and robotic weaponry continue to have an impact on modern warfare Cyber warfare social media and the latest military weapons are transforming the character of modern conflicts This book explains how through overview essays written by an award winning author of military history and technology topics in addition to more than 200 entries dealing with specific examples of digital and physical technologies categorized by their relationship to cyber warfare social media and physical technology areas Individually these technologies are having a profound impact on modern conflicts cumulatively they are dynamically transforming the character of conflicts in the modern world The book begins with a comprehensive overview essay on cyber warfare and a large section of A Z reference entries related to this topic The same detailed coverage is given to both social media and technology as they relate to conflict in the 21st century Each of the three sections also includes an expansive bibliography that serves as a gateway for further research on these topics The book ends with a detailed chronology that helps readers place all the key events in these areas *Parameters*, 2013 **Encyclopedia of Military Science** G. Kurt Piehler, 2013-07-24 The Encyclopedia of Military Science provides a comprehensive ready reference on the organization traditions training purpose and functions of today's military Entries in this four volume work include coverage of the duties responsibilities and authority of military personnel and an understanding of strategies and tactics of the modern military and how they interface with political social legal economic and technological factors A large component is devoted to issues of leadership group dynamics motivation problem solving and decision making in the military context Finally this work also covers recent American military history since the end of the Cold War with a special emphasis on peacekeeping and peacemaking operations the First Persian Gulf War the events surrounding 9 11 and the wars in Afghanistan and Iraq and how the military has been changing in relation to these events Click here to read an article on The Daily Beast by Encyclopedia editor G Kurt Piehler Why Don't We Build Statues For Our War Heroes Anymore *Wiki at War* James Jay Carafano, 2011-11-28 In 2011 amid the popular uprising against Egyptian president Hosni Mubarak the government sought in vain to shut down the Internet based social networks of its people WikiLeaks editor in chief Julian Assange has been branded public enemy number one by some in the United States for posting material on the World Wide Web that concerns airstrikes in Iraq US diplomatic communications and other sensitive matters In Wiki at War James Jay Carafano explains why these and other Internet born initiatives matter and how they are likely to affect the future face of war diplomacy and domestic politics The war for winning dominance over social networks and using that dominance to advantage is already underway Carafano writes in this extremely timely analysis of the techno future of information and the impact of social networking via the Internet Drawing on his extensive knowledge of history and defense strategy Carafano creates a

cogent analysis of what is truly new about the new media and what is simply a recasting of human warfare in contemporary forms Wiki at War is written in a lively accessible style that will make this technological development comprehensible and engaging for general readers without sacrificing the book's usefulness to specialists Outlining the conditions under which a difference in degree becomes a difference in kind detailing how ancient wisdom can still apply to national security decisions and examining the conditions under which new expertise is required to wage effective diplomacy or successful military strategy Carafano casts in stark relief the issues that face political military and social leaders in trying to manage and control information in both the international and domestic arenas Wiki at War affords stimulating thought about and definitive discussion of this vital emerging topic

Social Media and the Good Life Mark Y. Herring, 2015-06-14 Social media have accelerated communication expanded business horizons and connected millions of individuals who otherwise would never have met But not everything social media touch turns to gold much of it is brass Social networking sites are used by scammers criminals and sexual predators and many people now self diagnose illness based on misinformation shared online Businesses make great claims about social media as a marketing tool but few show any real returns We communicate through social media but are we really saying anything Is social media doomed to be a conduit of narcissism or can it become a channel for responsible communication Can social networking overcome its manifold violations of privacy Must we sacrifice our identities in order to tweet or friend our associates This book examines some of the legal and ethical issues surrounding social media their impact on civil discourse and their role in suicides murders and criminal enterprise *Air Force Magazine* , 2012-07
