Wilderness Essays Peregrine Smith Literary Naturalists:

Wilderness Essays John Muir, 2011-04 Part of John Muir's appeal to modern readers is that he not only explored the American West and wrote about its beauties but also fought for their preservation. His successes dot the landscape and are evident in all the natural features that bear his name: forests, lakes, trails, and glaciers. Here collected are some of Muir's finest wilderness essays ranging in subject matter from Alaska to Yellowstone from Oregon to the High Sierra. This book is part of a series that celebrates the tradition of literary naturalists: writers who embrace the natural world as the setting for some of our most euphoric and serious experiences. These books map the intimate connections between the human and the natural world. Literary naturalists transcend political boundaries, social concerns, and historical milieus; they speak for what Henry Beston called the other nations of the planet. Their message acquires more weight and urgency as wild places become increasingly scarce.

Personal, Societal, and Ecological Values of Wilderness, 1998 *Personal, Societal, and Ecological Values of Wilderness: Bangalore, India, October 1997*, 1998 **Proceedings RMRS.**, 1998 **Project Learning Tree**, 1994 *Forthcoming Books* Rose Arny, 1998 *Project Learning Tree*, 2004 **Rachel Carson** Mary A. McCay, 1993 McCay assesses all of Carson's significant writings: her publications in newspapers and magazines; her path-breaking series of pamphlets on shore life for the federal government; *Conservation in Action*; her essay for children and adults on keeping alive a sense of wonder at the natural world; and her four books of nonfiction concluding with the controversial *Silent Spring*. Far from signifying a radical shift in Carson's worldview, McCay writes her progression to the writing of *Silent Spring* was a logical one. At first glance *Silent Spring* looks quite different from Carson's earlier benign books about the sea.

The Alpine Journal, 1994 *Wilderness Visionaries* Jim Dale Vickery, 1988 *Books in Print Supplement*, 1994 **John C. Van Dyke** Peter Wild, 2001 *Subject Guide to Books in Print*, 1993 **Theodore Roosevelt Association Journal** Theodore Roosevelt Association, 1986 *Leaders from the 1960s* David De Leon, 1994-06-22 The throngs at Woodstock, Jane Fonda in Hanoi, I Have a Dream, burning draft cards, fire in the streets: these images of the 1960s are still very much alive today. What happened to the people and principles that dominated that decade? Which leaders from those turbulent years had the most lasting effect on our lives today? How well have the principles for which those leaders fought so strongly withstood the test of time? This thought-provoking biographical dictionary allows the reader to study the leaders both conservative and liberal: their ideals and their enduring influence. With major sections on racial democracy, peace and freedom, sexuality and gender, the environment, radical culture, and visions of alternative societies, *Leaders from the 1960s* includes entries on a wide selection of nationally prominent activists of the 1960s. In addition to those who dominated only the sixties, the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s. Each entry provides a biographical sketch, but the focus of the entries is on the person's basic concepts or the essence of his or her work and the public response it generated. Included are extensive

bibliographies on the individuals and the period Nature Writing Don Scheese, 2002 First published in 2003 Routledge is
an imprint of Taylor Francis an informa company **Wilderness** ,1986 **Nature Study** ,1984 The Concord Saunterer
