Weiss,2013-09-09 She said writing poems is like traipsing through water You run fast fast as you can hardly thinking about the birds flying above your head or the fact that you can barely see because the sun is ripping through your skin leaving you blinded no you don't think at all you just run And when you reach the land you're so out of breath and your lungs are filled with salt water instead of air It burns the inside of your chest like the sun that burned your skin but that pain feels so incredible that you forget to do anything except to breathe When you reach the land and your toes entangle in the tall grass for the first time you don't know how you got there or how long you had been treading water the only proof you have is the inability to catch your breath and the soreness in your feet There are so many words inside my chest that grow in me like flowers and bloom out my finger tips as poems carved into air I stand inhaling and exhaling this wind around me that's filled with feelings and the smell of rain with each breath I am shattered from the inside out but still I drag in these splintered words into my fragile lungs again and again Wildflower Debasree Ghosh,2013-08-15 Like the Wild Flower that grows in the wild in the valley and in the meadow and atop a hill or floats on the river poetry as well as the stories grew from within me naturally they are not implants from without The urge to write was natural arising out of my experiences in life and how they got entwined with my emotions my trepidations like the first time when I as a child hesitantly neared the water front and dipped my foot into the cold icy water how these struck a chord within me and urged me to express my feelings Slowly like the way a flower matures the onslaught of varied experience moulded my thoughts and inspired my poetry It continued to articulate my joy of unfurling the curtains of perception and sharing the joy of living and sometimes the pain that came with it Life has so much to offer and often so much to take away from us all Our convictions our doubts our joy and our sorrow all of them blend together in our quest for that ever eluding meaning such feelings hold for us and what could be more beautiful and more lyrical than to express our innermost thoughts through poetry Like they say poetry is magical **We Are All**

Wildflowers Britt Gonzalez,2022-09-03 We Are All Wildflowers is an anthology of poems that celebrates the beautiful tenacity of the human spirit much like a stubborn wildflower growing in harsh terrain The collection explores a wide range of topics from depression to dreaming out loud from addiction and abuse to advocacy from wanting to wonder from self loathing to self love Author Britt Gonzalez invites you to Be a Wildflower and Grow Anyway in her debut poetry book Wild Flower Sam Payne,2022 Like a wildflower growing freely in the wilderness on a barren mountain range or the edge of a forgotten

wasteland we can all bloom in broken places too Through eighty confessional poems and stunning art pieces Wildflower explores our broken places the memories and people that haunt us and hinder us and inspires readers to free themselves from their ghosts and bloom just as wildflowers do Sharp honest and hopeful this is a journey through mental health struggles sexuality love and infatuation rebirth and inner strength With an emphasis on reframing your past and defining who you want to be Wildflower is a moving poignant set of poems that will resonate with anyone who wants to feel empowered by their resilience and emboldened by their pain Cover p 4 The Anatomy of a Wildflower Priyanka Karma,2021-08-19 I've bled all the feelings in this small book of emotions In the form of poetry I hope you feel it I hope you sit with it and face what hurts today I hope you smile I hope you never give up on life Wildflowers In The Wind Shreya Sharon Kujur,2020-07-23 By definition a wildflower is a flower that grows freely resiliently and radiantly But it is actually the strokes of the wind that really test the flower's resilience to grow freely and beautifully In this collection of poems the author portrays the different phases and emotions that we wildflowers experience and different tests wind that we endure in life

Wildflowers Katherine Henson,2017-04-26 wildflowers is the first collection of 400 poems from Katherine Henson penning as k e where she uses her love of words to share her heart about love growth loss and hope This book is for you and I hope you will see that these words were never mine to keep but yours to find I have been writing these words for you all along Through the pain and love the valleys and peaks This title is probably deceiving I had the hopes that all my words would be soft and gentle and kind but my words knew better They knew that truth is often painful broken and a little angry But wildflowers for me stand for something spectacular Look at them Wherever their roots can be they grow grow grow I want to be that I want to be tore down by life and have my seeds and roots my soul and body still trusting enough to find home again I want that kind of wild So maybe the title is good Maybe the wildflowers understand it more than any of us We must rebuild I just want you to remember something remember that life is pretty dang hard and trying to navigate against those odds is a tough task So be good to yourself love yourself like crazy and take every single thing that life gives you good and not so good It is all a part of it and it all a part of your story of you So here is to love and growing and loss and hope P S None of these words are complete and well that is just how it goes sometimes you will find that some of these pages have no ending and if you come upon one you feel unfinished know that it was always meant for you and finish it *Wildflower Tea* C. Churchill,2018-11-08 Poetry heals the soul A small pool of reflection in a forest of words is all it takes to escape the worries of the day Join us for tea in the form of poetry the wilds are waiting to heal you A collection of poems to soothe your soul and set free your worry Sometimes whimsical sometimes sad we all need a balance so we don't go mad This collection of poems is brought to you by a heart that has been through the worst and bloomed again and again A book full of hope and magic *Wildflowers in The Wind* Shreya Kujur,2020-04-26 Wildflowers in the Wind is a collection of Poetry written by Ms Shreya Sharon Kujur This book aims to develop empathy and insight in the mind of the readers about diverse topics like

View, Voice, Verse of Wildflowers Jenifer J Steller,2024-10-23 Welcome to Voice View Verse of Wildflowers View Voice Verse of Wildflowers Available in both paperback and hardback this original poetry collection is a journey through the various aspects of the human spirit using the voices of wildflowers to guide the reader along a path of self discovery Each wildflower speaks in a poetic form matching its characteristics and offering insight into an aspect of human nature Like a spiritual labyrinth the poems wind inward leading readers from external struggles of life toward a center of stillness and understanding And as with any true journey the these poetic steps out are as vital as those taken in emerging with deeper insight newfound strength and gentle wisdom to carry forward The goal is that the reader emerge with deeper insight newfound strength and gentle wisdom an inner wholeness

About the Purposeful Structure and Imagery of Each Poem Each wildflower speaks in a form that matches its characteristics offering insight into aspects of human nature From free flowing verses that capture the beauty of spontaneity and resilience to structured forms that mirror complexity and repetition in life s cycles the poems invite the reader to explore the simplicity and depth of these metaphors For Example The Lotus Terza Rima s form uses the interconnected rhyme scheme to reflect the continuous growth of the lotus as it rises from mud into the light The structure illustrates the interconnectedness of life s challenges and the spiritual transformation that often comes from overcoming adversity and suffering Along the way the flowers whisper their truths reflecting moments of challenge fear growth and grace Some like the bold dandelion defy adversity while others like the harebell remind us of the quiet mysteries that dwell in both light and shadow Together they create a map of transformation a guide that encourages you to pause reflect and discover new meanings in each step

About the Artistic Essence of the Flowers The delicate minimalist flower illustrations accompanying this collection of poems serve as both symbols and reflections of the emotional landscape explored Each flower captured with a single thin continuous line embodies a balance of simplicity and grace echoing nature s quiet strength beauty and fluidity Like the poems these illustrations speak to the quiet moments of growth resilience and introspection that often bloom in solitude or difficulty The choice of flowers is intentional each one from the resilient lotus to the gentle chamomile represents a unique emotional or

spiritual journey The flowers rise twist or cling through the fluid lines much like the human spirit's search for light connection or meaning The minimalism allows the flowers natural beauty to shine while the continuity of the line signifies the seamless connection between nature and the inner world Just as the poems offer space for reflection and discovery the accompanying floral art invites you to pause breathe and find beauty in simplicity **Wildflower** Jessie Sienkiewicz,2018-10-21 Wildflower is a collection of poetry based on real and relatable life stories and events It is full of authenticity and adventure heartache and honesty encompassing truth and triumph and trial alike This book is full of beautiful words compiled in a fashion intended to touch hearts and open them all with an underlying tone of faith and love Wildflower truly beckons the reader to recognize the highs and lows of life and encourages all to come to terms with those for themselves too Poetry Styles Book Six Alliance Stylists,2013-07-17 This is the 6th book in a most wonderful follow on to all the previous books in this the Alliance Stylists series a compilation of poems that have all been so wonderfully created in order to explain and portray all the many varying poetic styles and forms of the day *Becoming a Wildflower* April Green,2019-07-26 It's okay if you're not yet where you want to be Remember you don't always notice the sun rising in the sky until one day you feel its warmth touching your face and you realise how much you have grown From the author of the bestselling book Bloom for Yourself comes a collection of poetry and prose for courage This empowering collection explores the transformation from low self worth to the bravery of letting go and the wisdom that comes from truly believing in yourself April Green has an extraordinary gift for helping you understand that you are never truly alone Her words are shared by thousands of people all over the world including Jenna Dewan and Shantel Vansanten Her voice serves as a reminder to all of us that healing transformation freedom and self love are possible Poetry Styles Book Eight Alliance Poets,2014-10-13 This is the eighth book in the Alliance Stylists series of portraying all known poetry styles in this book you will once again enjoy many more styles fully portrayed in much diversity and in poetic detail So this is a book to delight all readers and help teach any budding poet **Wildflower** Madam Lunacy,Luna Angel,2025-01-25 Wildflower a collection of poems highlighting the complexities of human emotions love relationships self love and healing Growth can occur from the most unlikely experiences As a kindly reminder there is power in vulnerability and the inner strength you'll discover From the exhilarating highs of new or old love to the heart wrenching lows of loss the verses capture the essence of human connections and experiences Whether my readers seek inspiration comfort or a deeper understanding of their emotions Wildflower is a lyrical sanctuary The Wild Flower Mary Ann Davis,2019-02-21 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you
