Will That Be Cash Or Cuffs:

African American Vernacular English as a Literary Dialect Sophia Huber, 2018-06-13 Knowledge about one's linguistic background especially when it is different from mainstream varieties provides a basis for identity and self. Ancestral values can be upheld, celebrated and rooted further in the consciousness of its speakers. In the case of African American Vernacular English (AAVE), the matter is not straightforward and ultimately the social implications its speakers still face today are unresolved. Through detailed analysis of the four building blocks: phonology, morphology, syntax and vocabulary, Sophia Huber tries to trace the development of AAVE as a literary dialect. By unearthing in what ways AAVE in its written form is different from the spoken variety, long established social stigmata and stereotypes which have been burned into the consciousness of the USA through an initially white dominated literary tradition will be exposed. Analysing fourteen novels and one short story featuring AAVE, it is the first linguistic study of this scope.

Mortal Prey John Sandford, 2002-05-13 Years ago Lucas Davenport almost died at the hands of Clara Rinker, a pleasant soft-spoken low-key Southerner and the best hitwoman in the business. Now retired and living in Mexico, she nearly dies herself when a sniper kills her boyfriend, the son of a local druglord, and while the boy's father vows vengeance, Rinker knows something he doesn't. The boy wasn't the target she was, and now she is going to have to disappear to find the killer herself. The FBI and DEA draft Davenport to help track her down, and with his fiancée deep in wedding preparations, he's really just as happy to go, but he has no idea what he's getting into. For Rinker, as unpredictable as ever, and between her old bosses in the St. Louis mob, the Mexican druglord, and the combined, sometimes warring forces of U.S. law enforcement, this is one case that will get more dangerous as it goes along. And when the crossfire comes, anyone standing in the middle won't stand a chance. Filled with rich characterization and exceptional drama, that are his hallmarks, *Mortal Prey* proves that John Sandford just keeps getting better. *National Jeweler*, 1925

They grew up together, dated for years, but when Jesse Lennox had a chance at a college scholarship and a new life, Hailey abruptly ended things. She wanted him to have the life he deserved, and with her track record, knew she'd just bring him down. Now they're both grown, and she runs the new division of Redemption Harbor Consulting, heading up their security division. But her past is about to collide with her present in a big way, and she can't outrun her demons any longer. This time, he's playing for keeps. Years ago, Hailey joined the military and ruthlessly cut all her foster siblings out of her life. Now that one of them is in danger, she's back, and Jesse isn't letting her push him away ever again. One of their own has been kidnapped, and with the clock ticking, they have no choice but to work together to find him before it's too late. But the threat is much worse than they imagined. It will take all their combined skills and breaking through Hailey's walls to unravel the clues in time to save him. BOOK 1 in all the all-new Redemption Harbor Security series, spinoff to the USA Today bestselling Redemption Harbor series.
