White and His World* Anne McCauley, 2017-01-01 Restoring a gifted art photographer to his place in the American canon and in the process reshaping and expanding our understanding of early 20th century American photography Clarence H White 1871 1925 was one of the most influential art photographers and teachers of the early 20th century and a founding member of the Photo Secession This beautiful publication offers a new appraisal of White's contributions including his groundbreaking aesthetic experiments his commitment to the ideals of American socialism and his embrace of the expanding fields of photographic book and fashion illustration celebrity portraiture and advertising Based on extensive archival research the book challenges

the idea of an abrupt rupture between prewar soft focus idealizing photography and postwar modernism to paint a more nuanced picture of American culture in the Progressive era Clarence H White and His World begins with the artist's early work in Ohio which shares with the nascent Arts and Crafts movement the advocacy of hand production closeness to nature and the simple life White's involvement with the Photo Secession and his move to New York in 1906 mark a shift in his production as it grew to encompass commercial portraiture and an increasing commitment to teaching which ultimately led him to establish the first institutions in America to combine instruction in both technical and aesthetic aspects of photography The book also incorporates new formal and scientific analysis of White's work and techniques a complete exhibition record and many unpublished illustrations of the moody outdoor scenes and quiet images of domestic life for which he was revered

Printed Textiles Linda Eaton, 2014-09-23 The Winterthur Museum's richly illustrated history of British and American fabrics made or used from 1700-1850 is a visual reference for designers and a definitive contribution to textile studies From slipcovers that belonged to George Washington to bedhangings described by Harriet Beecher Stowe Delaware's Winterthur Museum holds some of the finest cotton and linen textiles made or used in America and Britain between 1700 and 1850 One of the fastest growing and potentially most lucrative trades in the eighteenth and early nineteenth centuries on the forefront of developments in science and engineering chemistry and technology the textile industry is a fascinating lens into international trade relations and cultural exchange over nearly two centuries Printed Textiles is a major update to the classic text published by Winterthur in 1970 a sourcebook compiled by celebrated curator Florence Montgomery that detailed all aspects of the fabrics' lifespan from their design and method of manufacture to their use and exchange value Linda Eaton Director of Collections and Senior Curator of Textiles updates the classic with a particular focus on furnishing fabrics referred to as furnitures Building on research that has come to light since 1970 and benefiting from the technical and scientific expertise of the conservators and scientists at Winterthur Eaton presents a thorough and sweeping study enriched by the diverse approaches to material culture today With hundreds of beautifully photographed samples engagingly contextualized with iconic figures in American history including Betsy Ross and Benjamin Franklin this significant addition to textile scholarship allows for a full appreciation of these fascinating fabrics Printed Textiles is destined to become an essential reference for interior designers fashion and textile design students conservators collectors and anyone with an interest in the textile industry

The Garden of Ideas Richard Aitken, 2010 The Garden of Ideas tells an inspiring and engaging story of Australian garden design From the imaginings of emigrant garden makers of the late eighteenth century to the concerns of twenty-first-century gardeners this book charts its way across four centuries through a handsome and satisfying fusion of images and text The Garden of Ideas is embellished with an unparalleled array of images paintings drawings prints plans and photographs each richly evocative of their time and most never previously published Unearthed from around Australia and many from overseas these images carry the story of Australian garden style down the years in the

process criss crossing social and cultural history across the wide extremes of our continent Richard Aitken whose book Botanical Riches was published in 2006 to popular and critical acclaim brings a lifetime of experience to The Garden of Ideas He achieves fresh insights and presents our passion for garden making with wit and flair The Garden of Ideas is a valuable source book for the sophisticated gardener and an indispensable companion for the garden lover **The Standard**
