William Wyler Interviews Conversations With Filmmakers Series:

William Wyler William Wyler, 2010 Interviews with the director of Ben Hur Jezebel Mrs Miniver Roman Holiday and Wuthering Heights The Gladiators vs. Spartacus, Volume 1 Henry MacAdam, Duncan Cooper, 2020-11-13 Using previously unpublished correspondence and personal journal entries from screenwriter Abraham Polonsky neglected notices in Variety and other Hollywood trade publications and a wide range of published sources this narrative backstory of rival movie productions of The Gladiators vs Spartacus documents that intense competition with greater precision and clarity than any other existing account The key role that this little known chapter of Hollywood s blacklist history played in connection with Dalton Trumbo s successful effort to win screen credit for Spartacus is now for the first time available to film historians and lay readers A companion study Volume 2 is devoted to Abraham Polonsky s rediscovered screenplay **Roadshow!** Matthew Kennedy, 2015-09-02 In Roadshow The Fall of Film Musicals in the 1960s film historian Matthew Kennedy explores the downfall of a beloved genre caught in the hands of misguided creators who glutted the American film market with a spate of expensive and financially unrewarding musicals between 1967 and 1972 In doing so it offers an alternative view of this era in the world of American popular entertainment telling of the cultural importance of the studios death grip on the film business rather than dwelling on the failures of the flops themselves **Film Criticism in the Digital Age** Mattias Frey, Cecilia Sayad, 2015-04-20 Over the past decade as digital media has expanded and print outlets have declined pundits have bemoaned a crisis of criticism and mourned the death of the critic Now that well paying jobs in film criticism have largely evaporated while blogs message boards and social media have given new meaning to the saying that everyone s a critic urgent questions have emerged about the status and purpose of film criticism in the twenty first century In Film Criticism in the Digital Age ten scholars from across the globe come together to consider whether we are witnessing the extinction of serious film criticism or seeing the start of its rebirth in a new form Drawing from a wide variety of case studies and methodological perspectives the book s contributors find many signs of the film critic s declining clout but they also locate surprising examples of how critics whether moonlighting bloggers or salaried writers have been able to intervene in current popular discourse about arts and culture In addition to collecting a plethora of scholarly perspectives Film Criticism in the Digital Age includes statements from key bloggers and print critics like Armond White and Nick James Neither an uncritical celebration of digital culture nor a jeremiad against it this anthology offers a comprehensive look at the challenges and possibilities that the Internet brings to the evaluation promotion and explanation of artistic works **William Wyler** Gabriel Miller, 2013-08-13 During his forty five year career William Wyler 1902 1981 pushed the boundaries of filmmaking with his gripping storylines and innovative depth of field cinematography With a body of work that includes such memorable classics as Jezebel 1938 Mrs Miniver 1942 Ben Hur 1959 and Funny Girl 1968 Wyler is the most nominated director in the history of the Academy Awards and bears the distinction of having won an Oscar for Best Director on three occasions Both

Bette Davis and Lillian Hellman considered him America's finest director and Sir Laurence Olivier said he learned more about film acting from Wyler than from anyone else. In William Wyler Gabriel Miller explores the career of one of Hollywood's most unique and influential directors examining the evolution of his cinematic style. Wyler's films feature nuanced shots and multifaceted narratives that reflect his preoccupation with realism and story construction. The director's later works were deeply influenced by his time in the army air force during World War II and the disconnect between the idealized version of the postwar experience and reality became a central theme of Wyler's masterpiece *The Best Years of Our Lives* 1946. None of Wyler's contemporaries approached his scope; he made successful and seminal films in practically every genre including social drama, melodrama, and comedy. Yet despite overwhelming critical acclaim and popularity, Wyler's work has never been extensively studied. This long overdue book offers a comprehensive assessment of the director, his work, and his films.
