honest mistake There are any number of explanations Dr William Lane Craig uses well documented historical facts to explore the evidence that surrounds the days following Jesus crucifixion Without assuming the Bible says so Did Jesus Rise from the Dead presents positive religious cultural and historical evidence for the reality of the resurrection while breaking down the six most common hypotheses used to explain the unusual events that unfolded from the moment Christ breathed his last Thoroughly researched yet deftly digestible Did Jesus Rise from the Dead belongs in the library of any apologist skeptic or seeker

Jesus' Resurrection: Fact or Figment? Paul Copan, Ronald K. The Only Wise God William L. Craig, 2000-01-13 Does God know our actions before we do them And if so do human beings truly have free will Dr Craig contends that both of these notions are compatible showing how the Bible teaches divine foreknowledge of human free acts and reveals two ways of reconciling divine omniscience with human freedom

defines and explicates the divine attributes of incorporeality necessity aseity simplicity eternality omnipresence omniscience omnipotence and goodness In the second part Volume IIb Excursus on Natural theology The Trinity Craig examines six arguments for God's existence including the argument from contingency the kalām cosmological argument the argument from the applicability of mathematics the argument from cosmic fine tuning the moral argument and the ontological argument along with the problem of evil Following the excursus he transitions to an articulation and defence of Christian theism formulating a biblical doctrine of the Trinity and offering a model of God as a tripersonal soul Unreasonable Faith James Fodor, 2022-06-29 He has written or edited more than 30 books his arguments for God and Jesus are frequently cited by Christian apologists around the world and he has severely overstated his case through a series of blatant mischaracterizations and philosophical blunders You may have heard of William Lane Craig a professor of philosophy at Talbot School of Theology who is known for debating atheists but even if you haven't you have probably heard his arguments through followers and fans He is known for painting faith as the reasonable road and falsely claiming that he can prove the validity of his religion From his work attempting to show evidence for Jesus' resurrection to his development of the Kalam cosmological argument for the existence of God Craig is respected among his peers on the Christian side of the religious spectrum But is that deserved What's at the core of these arguments Are they philosophically sound More importantly is this Unreasonable Faith an excellent destruction of W L Craig's entire apologetics Cogently argued and factually accurate this is required reading for anyone keen to question the soundness of anything W L Craig has argued over the decades Which makes it an invaluable resource for refuting Christian apologetics generally Richard Carrier author on the historicity of Jesus This book should be required reading for anyone who is proposing to debate William Lane Craig on the existence of God It should also be something that those who debate Craig on that topic advertise this book gives an accurate idea of the amount of material that needs to be provided to begin to address the usual panoply of arguments that Craig puts forward in a debate Professor Graham Oppy Monash James Fodor has a graduate degree in physics at the University of Melbourne and is a research assistant in structural biology at Monash University With a keen interest in philosophy he writes for the Rationalist magazine on various subjects in religion and epistemology As president of the University of Melbourne Secular Society he has engaged in numerous discussions and public debates concerning religion with a focus on secular morality and the evidence for the resurrection of Jesus He also has a keen interest in effective altruism and computational neuroscience

Kalam Cosmological Argument William Lane Craig, 1979-06-17 **God, Are You There?** William L. Craig, 2023-01-30 This Wipf Stock reprint edition of *God Are You There Five Reasons God Exists and Three Reasons It Makes a Difference* by William L Craig was originally published in 1999 by Ravi Zacharia International Ministries **Atonement and the Death of Christ** William Lane Craig, 2020 Through his death on the cross Christ atoned for sin and so reconciled people to God New Testament authors drew upon a range of metaphors and motifs to describe this salvific act and down through history

Christian thinkers have tried to articulate various theories to explain the atonement While Christ's sacrifice serves as a central tenet of the Christian faith the mechanism of atonement exactly how Christ effects our salvation remains controversial and ambiguous to many Christians In *Atonement and the Death of Christ* William Lane Craig conducts an interdisciplinary investigation of this crucial Christian doctrine drawing upon Old and New Testament studies historical theology and analytic philosophy The study unfolds in three discrete parts Craig first explores the biblical basis of atonement and unfolds the wide variety of motifs used to characterize this doctrine Craig then highlights some of the principal alternative theories of the atonement offered by great Christian thinkers of the premodern era Lastly Craig's exploration delves into a constructive and innovative engagement with philosophy of law which allows an understanding of atonement that moves beyond mystery and into the coherent mechanism of penal substitution Along the way Craig enters into conversation with contemporary systematic theories of atonement as he seeks to establish a position that is scripturally faithful and philosophically sound The result is a multifaceted perspective that upholds the suffering of Christ as a substitutionary representational and redemptive act that satisfies divine justice In addition this carefully reasoned approach addresses the rich tapestry of Old Testament imagery upon which the first Christians drew to explain how the sinless Christ saved his people from the guilt of their sins

Divine Foreknowledge and Human Freedom William Lane Craig, 1991 The ancient problem of fatalism more particularly theological fatalism has resurfaced with surprising vigour in the second half of the twentieth century Two questions predominate in the debate 1 Is divine foreknowledge compatible with human freedom and 2 How can God foreknow future free acts Having surveyed the historical background of this debate in *The Problem of Divine Foreknowledge and Future Contingents from Aristotle to Suarez* Brill 1988 William Lane Craig now attempts to address these issues critically His wide ranging discussion brings together a thought provoking array of related topics such as logical fatalism multivalent logic backward causation precognition time travel counterfactual logic temporal necessity Newcomb's Problem middle knowledge and relativity theory The present work serves both as a useful survey of the extensive literature on theological fatalism and related fields and as a stimulating assessment of the possibility of divine foreknowledge of future free acts
