Wilson Won't Be Bullied seeks to impart effective means for children to avoid being a target of bullies through the development of self confidence and self esteem. Bullies select their victims carefully and they do so with skill choosing individuals that they perceive will be the most susceptible to being abused and dominated. Readers are provided information about how a child can develop into a bully and how the bully can change his or her ways if the person is open to altering the abusive pattern of behavior that is inflicted on others. The beloved and precious Wilson who was the focus of the preceding books in this series is an integral part of the stories about bullying that are presented and it contains many illustrations to accompany what is written enabling the book to hold the interest of the young readers to whom it is targeted. Wilson Won't Be Bullied is a book which children will enjoy reading and which provides important information and a valuable lesson that is of great relevance in today's world. Susan Castriota and co author Rose Tennent are parents who are knowledgeable about and have researched the prevalence of bullying and the damage that it does to victims, to the bully and to society. *Atlanta*, 2004-12.
