Plato's Symposium Frisbee Sheffield, 2006-07-20 Frisbee Sheffield argues that the Symposium has been unduly marginalized by philosophers Although the topic eros and the setting at a symposium have seemed anomalous she demonstrates that both are intimately related to Plato s preoccupation with the nature of the good life with virtue and how it is acquired and transmitted For Plato analysing our desires is a way of reflecting on the kind of people we will turn out to be and on our chances of leading aworthwhile and happy life In its focus on the question why he considered desires to be amenable to this type of reflection this book explores Plato s ethics of desire

Euphoria and Symposia Kieran Bonner, 2025-06-10 Euphoria and Symposia explores the relationship between euphoria desire and well being in the human practices of drinking and thinking both phenomena in which seeking more more alcohol more knowledge can be understood ambiguously as simultaneously positive and negative Drinking leads to both euphoria and depression and is potentially destabilizing for both the individual and the collective While medical science understands it is risky for our health dependency addiction illness anthropology sees drinking as contributing to communal celebration euphoria sociability Since health and celebration are both desirable goods Kieran Bonner suggests that it is this balancing act our desire for what is better and good our preference for one thing over another that creates ambiguity revealing a grey zone that is fundamental to a fuller understanding of well being In a series of case studies revealing intricacies and ambiguities not usually picked up in typical scientific philosophical or sociological discourses Bonner posits well being as harmony requiring nuanced judgments about the various things that humans desire including wealth health beauty power vitality leisure pleasure love

and wisdom Informed by a creative synthesis of Socratic interrogation hermeneutic perspectives drawn from post phenomenological thinkers such as Hans Georg Gadamer and Hannah Arendt and distinctive perspectives found in the tradition of reflexive sociology Euphoria and Symposia asserts that reconciling unlimited desire with the finite nature of the human condition is essential for the understanding and enjoyment of life itself *Proceedings and Addresses of the American Philosophical Association* American Philosophical Association,2007 List of members in v 1 Plutarch and his Roman Readers Philip A.
