Readers will be introduced to new international decisions on the protection of human rights together with international measures concerning the detention of immigrants. In recent years International Law and European Law have converged to develop measures for combatting irregular immigration. Some of them include the criminalization of illegally entering a member state or illegally remaining there after legally entering. Though migration has become a great challenge for policymakers, legislators and society as a whole, we must never forget that migrants should enjoy the same human rights and legal protection as everyone else.
