Youth Cultures in America Simon J. Bronner,Cindy Dell Clark,2016-03-21 What are the components of youth cultures today This encyclopedia examines the facets of youth cultures and brings them to the forefront Although issues of youth culture are frequently cited in classrooms and public forums most encyclopedias of childhood and youth are devoted to history human development and society A limitation on the reference bookshelf is the restriction of youth to pre adolescence although issues of youth continue into young adulthood This encyclopedia addresses an academic audience of professors and students in

childhood studies American studies and culture studies The authors span disciplines of psychology sociology anthropology history and folklore The Encyclopedia of Youth Cultures in America addresses a need for historical social and cultural information on a wide array of youth groups Such a reference work serves as a corrective to the narrow public view that young people are part of an amalgamated youth group or occupy malicious gangs and satanic cults Widespread reports of bullying school violence dominance of athletics over academics and changing demographics in the United States has drawn renewed attention to the changing cultural landscape of youth in and out of school to explain social and psychological problems **Organizational Communication Approaches to the Works of Joss Whedon** Andrew F.

Herrmann,2019-12-02 In Organizational Approaches to the Works of Joss Whedon Andrew F Herrmann offers an in depth analysis of the connections between communication organization gender discourse and ethics in the works of Joss Whedon Herrmann examines how characters go to work in organizations how characters fight against organizations and how some organizations themselves are characters Whedon s works offer both popular and scholarly appeal often including portrayals of organizations such as The Union of Allied Planets in Firefly and Serenity and S H I E L D in The Avengers and Agents of S H I E L D Herrmann argues that by looking at how Whedon portrays these organizations including the ways in which employees are impacted by their organizations and how decision making is affected by gender masculinity and economic discourses we can gain fresh insights into our own working lives Scholars of film studies organizational communication gender rhetoric and ethics will find this book particularly useful Visual Political Communication in Popular Chinese Television Series Florian Schneider,2012-09-14 Visual Political Communication in Popular Chinese Television Series has been granted the EastAsiaNet 2014 Award In Visual Political Communication in Popular Chinese Television Series Florian Schneider analyses political discourses in Chinese TV dramas the most popular entertainment format in China today Schneider shows that despite their often nationalistic stories of glorious emperors and courageous officials such programmes should not be mistaken for official propaganda Instead the highly didactical messages of such series are the outcome of complex cultural governance practices which are influenced by diffuse political interests commercial considerations viewing habits and ideological assumptions Schneider argues that these interlinking factors lead to a highly restrictive creative environment and to conservative entertainment content that ultimately risks creating precisely the kind of passive masses that Chinese media workers and government officials are trying so hard to emancipate *Cable Vision* ,2001
