Ember Academy for Young Witches: Books 1-6 L.C. Mawson, 2021-09-10 Ancient curses Blocked memories And an Academy for young witches that might just hold the answers I should have known something was wrong when my weird aunt arrived in town just as I started getting killer headaches But how was I supposed to know that it was a sign of repressed magic Or that an ancient witch had escaped her tomb and sent demons after me Demons who cursed my mother I wanted to stay with her even if she wouldn't wake but I was sent to Ember

Academy for Young Witches instead Somewhere the demons hopefully can't get me I need to find a way to lift the curse but there's a block on both my magic and memories that everyone is refusing to lift A block that might hold the answers as to why an ancient witch is after me in the first place If I can figure her out maybe I can figure out this curse My teachers don't want me digging into it worried about the danger But I don't care My mother was cursed because of me and I'm not going to rest until she's safe again

Girls' Series Fiction and American Popular Culture LuElla D'Amico, 2016-03-01 *Girls' Series Fiction and American Popular Culture* examines the ways in which young female heroines in American series fiction have undergone dramatic changes in the past 150 years changes which have both reflected and modeled standards of behavior for America's tweens and teen girls Though series books are often derided for lacking in imagination and literary potency that the majority of American girls have been exposed to girls series in some form whether through books television or other media suggests that this genre needs to be studied further and that the development of the heroines that girls read about have created an impact that is worthy of a fresh critical lens Thus this collection explores how series books have influenced and shaped popular American culture and in doing so girls' everyday experiences from the mid-nineteenth century until now The collection interrogates the cultural work that is performed through the series genre contemplating the messages these books relay about subjects including race class gender education family romance and friendship and it examines the trajectory of girl fiction within such contexts as material culture geopolitics socioeconomics and feminism
