The Reformed David(s) and the Question of Resistance to Tyranny Nevada Levi DeLapp, 2014-08-28 This study centers on the question how do particular readers read a biblical passage What factors govern each reading DeLapp here attempts to set up a test case for observing how both socio historical and textual factors play a part in how a person reads a biblical text Using a reception historical methodology he surveys five Reformed authors and their readings of the David and Saul story primarily 1 Sam 24 and 26 From this survey two interrelated phenomena emerge First all the authors find in David an ideal model for civic praxis a Davidic social imaginary Charles Taylor Second despite this primary agreement the authors display two different reading trajectories when discussing David s relationship with Saul Some read the story as showing a persecuted exile who refuses to offer active resistance against a tyrannical monarch Others read the story as exemplifying active defensive resistance against a tyrant To account for this convergence and divergence in the readings DeLapp argues for a two fold conclusion The authors are influenced both by their socio historical contexts and by the shape of the biblical text itself Given a Deuteronomic frame conducive to the social imaginary the paradigmatic narratives of 1 Sam 24 and 26 offer a narrative gap never resolved The story never makes explicit to the reader what David is doing in the wilderness in relation to King Saul As a result the authors fill in the gap in ways that accord with their own socio historical experiences

A History of the European Restorations Michael Broers, Ambrogio A. Caiani, Stephen Bann, 2019-11-14 The second volume shines a light on the cultural and social changes that took place during the epoch of European Restorations when the death of the Napoleonic empire existed as a crucial moment for contemporaries Expanding the transnational approach of Volume I the chapters focus on the transmutation of ordinary experiences of war into folklore and popular culture the emergence of grassroots radical politics and conspiracies

on the Left and Right and the relationship between literacy and religion with new cases included from Spain Norway and Russia A wide ranging and impressive work this book completes a collection on the history of the European Restorations
