Winemaking In Ancient Israel:

Wine in the Bible Jabier Marquinez, 2012-11-01 Wine was an inseparable part of the ancient Israeli diet and its production was so important that farmers with active vineyards were exempt from military service In the Bible only water and bread are mentioned as often In Wine in the Bible Jabier Marquinez gives readers unique insight into wine's inextricable place in the lives of ancient Israelites with direct references from the Old and New Testaments which relay such intricate details as specific vineyard practices from grafting and pruning to watering and fertilizing ethical labor agreements with foreign vineyard workers vineyard pests and proper abatement techniques ancient winery technology and the use of wine as medicine and dyes This book is a fascinating examination of the daily lives at work and leisure of Biblical era winemakers and wine drinkers

The Fruit of the Vine Carey Walsh, 2000 The practice of viticulture in Israelite culture is the focus of Walsh's investigation Viticulture no less than drinking marked the social sphere of Israelite practitioners and so its details were often enlisted to describe social relations in the Hebrew Bible

Wine and Oil Production in Antiquity in Israel and Other Mediterranean Countries Rafael Frankel, Rafi Frankel, 1999 Based primarily on a geographic catalogue of over 3 700 installations from over 700 sites this is a comprehensive study and catalogue of the development of wine and oil production techniques in ancient Israel and other Mediterranean countries

The Mountains Shall Drip Sweet Wine John Anthony Dunne, 2025-10-07 What does the Bible say about alcohol Evangelical Christianity has a complicated relationship with alcohol For years many believers have welcomed it as a gift from God while others have rejected it as a definite Spirit quenching sin But what does the Bible actually say about alcohol and its use Alcohol is a pervasive theme throughout the Bible In The Mountains Shall Drip Sweet Wine John Anthony Dunne offers an exhaustive exploration of the references to alcohol and its related imagery within the Old and New Testaments His biblical theological approach allows for the nuance of the genres and historical periods of the Bible to shed light on how we are to approach the topic In his thorough account Dunne argues that the symbolism of wine and other fermented drinks in the Bible is multifaceted and complex as a good vintage itself would be We must be attuned to the various ways in which biblical authors deploy this motif dripping with theological symbolism when they speak of creation covenant kingdom wise decision making and more The Bible's kingdom oriented imagery communicates a call for wisdom in the everyday life of the Christian disciple with an overarching vision that what Christians think about alcohol regardless of position has significant impact on community life
