

TO WAKE THE NATIONS

RACE IN THE MAKING OF
AMERICAN LITERATURE

ERIC J. SUNDQUIST

To Wake The Nations Race In The Making Of American Literature

Howard Temperley, Christopher Bigsby

To Wake The Nations Race In The Making Of American Literature:

To Wake the Nations Eric J. Sundquist, 1993 Sundquist presents a major reevaluation of the formative years of American literature 1830-1930 that shows how white and black literature constitute a single interwoven tradition By examining African America's contested relation to the intellectual and literary forms of white culture he reconstructs American literary tradition *To Wake the Nations* Eric J. Sundquist, 1994 *Empire and Slavery in American Literature, 1820-1865* Eric J. Sundquist, 2006 A revealing juxtaposition of the literatures of Manifest Destiny and a dream deferred

The Cambridge Companion to Frederick Douglass Maurice S. Lee, 2009-06-11 Frederick Douglass was born a slave and lived to become a best selling author and a leading figure of the abolitionist movement A powerful orator and writer Douglass provided a unique voice advocating human rights and freedom across the nineteenth century and remains an important figure in the fight against racial injustice This Companion designed for students of American history and literature includes essays from prominent scholars working in a range of disciplines Key topics in Douglass studies his abolitionist work oratory and autobiographical writings are covered in depth and new perspectives on religion jurisprudence the Civil War romanticism sentimentality the Black press and transatlanticism are offered Accessible in style and representing new approaches in literary and African American studies this book is both a lucid introduction and a contribution to existing scholarship *Playing the Races* Henry B. Wonham, 2004-06-17 Why did so many of the writers who aligned themselves with the social and aesthetic aims of American literary realism rely on stock conventions of ethnic caricature in their treatment of immigrant and African American figures As a self-described tool of the democratic spirit designed to prick the bubble of abstract types literary realism would seem to have little in common with the aggressively dehumanizing comic imagery that began to proliferate in magazines and newspapers after the Civil War Indeed critics such as Alain Locke hailed realism's potential to accomplish the artistic emancipation of the Negro a project that logically extended to other groups systematically misrepresented in the comic imagery of the period From the influential Editor's Study at Harper's Monthly William Dean Howells touted the democratic impulse of realist imagery as an alternative to romanticism's pride of caste which is averse to the mass of men and consents to know them only in some conventionalized and artificial guise Yet if literary realism pursued the interests of democracy by affirming the equality of things and the unity of men why did its major practitioners including Howells himself regularly employ comic typification as a feature of their representational practice Critics have often dismissed such apparent lapses in realist practice as blind spots vestiges of a genteel social consciousness that failed to keep pace with realism's avowed democratic aspirations Such explanations are useful to a point but they overlook the fact that the age of realism in American art and letters was simultaneously the great age of ethnic caricature Henry B. Wonham argues that these two aesthetic programs one committed to representation of the fully humanized individual the other invested in broad ethnic abstractions operate less as antithetical choices than as complementary impulses both of which receive full play

within the period's most demanding literary and graphic works. The seemingly anomalous presence of gross ethnic abstractions within works by Howells, Twain, James, Wharton, and Chesnut hints at realism's vexed and complicated relationship with the caricatured ethnic images that played a central role in late nineteenth-century American thinking about race, identity, and national culture. In illuminating that relationship, *Playing the Races* offers a fresh understanding of the rich literary discourse conceived at the intersection of the realist and the caricatured image.

Historical Dictionary of the Gilded Age Leonard C. Schlup, James Gilbert Ryan, 2003. Covers all the people, events, movements, subjects, court cases, inventions, and more that defined the Gilded Age.

A New Introduction to American Studies Howard Temperley, Christopher Bigsby, 2014-07-21. A New Introduction to American Studies provides a coherent portrait of American history, literature, politics, culture, and society and also deals with some of the central themes and preoccupations of American life. It will provoke students into thinking about what it actually means to study a culture. Ideals such as the commitment to liberty, equality, and material progress are fully examined, and new light is shed on the sometimes contradictory ways in which these ideals have informed the nation's history and culture. For introductory undergraduate courses in American Studies, American History, and American Literature.

The Cambridge Companion to Herman Melville Robert S. Levine, 1998-05-13. Specially commissioned essays provide a critical introduction to one of the most significant writers of nineteenth-century America.

A Companion to Mark Twain Peter Messent, Louis J. Budd, 2015-06-15. This broad-ranging companion brings together respected American and European critics and a number of up-and-coming scholars to provide an overview of Twain, his background, his writings, and his place in American literary history. One of the most broad-ranging volumes to appear on Mark Twain in recent years. Brings together respected Twain critics and a number of younger scholars in the field to provide an overview of this central figure in American literature. Places special emphasis on the ways in which Twain's works remain both relevant and important for a twenty-first-century audience. A concluding essay evaluates the changing landscape of Twain criticism.

A Companion to American Gothic Charles L. Crow, 2013-09-10. A Companion to American Gothic features a collection of original essays that explore America's gothic literary tradition. The largest collection of essays in the field of American Gothic. Contributions from a wide variety of scholars from around the world. The most complete coverage of theory, major authors, popular culture, and non-print media available.
