Cortazar,Laura M. Martins,2014-03-17 Presenting and interrogating an array of texts and discourses this collection brings into focus a broad range of topics whose common denominator is the intersection between cultural productions and politics in different moments of the history of Latin America and Spain From the struggles of class distinction identity and community in 19th and 20th century and contemporary Latin America as explored in photography literature and film to how political and sexual transgressions from medieval times to the present are portrayed in Hispanic literature and the ways that canonical and non canonical texts in Spain have been defying hegemonic power relations in the 20th century and beyond This volume provides fresh approaches from well established scholars as well as from a new generation of researchers whose works

enlighten the reader about the rich facets of such intersections This publication also offers a background to pursue further research in these areas and to serve the general public interested in Latin American and Spanish literary and cultural studies and those seeking a greater understanding of social and economic change in both Latin America and Spain specifically issues of inclusion and citizenship the constraints on state power in the neoliberal era the strategies used by texts to create subjects that are not bound to conventional identity formations and the challenges and possibilities of subverting the gaze of the institutional spectator

sqa advanced unit specification unit title ship stability theory - Jul 07 2023

web 1 apply the theories affecting ship stability trim and stability calculations 2 analyse the factors and calculations concerning stability at large angles of heel 3 analyse and use stability stress diagrams and stress calculating equipment

numerical simulation of ship stability for dynamic environment - Feb 02 2023

web jul 1 2003 there are two ways of thinking with regard to the possible approach to the ship stability in wave x02022 using the available linear ship motion theory x02022 using the nonlinear theoretical model 2 1 equation of roll motion linear approach one of the main reasons of ship capsizing in waves is loss of stability in roll motion

hydrostatics and stability of marine vehicles theory and practice - Jan 01 2023

web this textbook covers hydrostatics and stability of ships and other floating marine structures a fundamental subject of naval architecture and offshore engineering it is for students without any prior knowledge of the subject as it introduces basic concepts in a methodical and step by step manner

a quantitative methodology for evaluating the ship stability using - Mar 03 2023

web jan 1 2021 fig 3 shows the flowchart of the imsisa model the first step is to generate the necessary imo stability information gz curve mp and mr which includes the ten imo stability parameters a i they are converted into the imo stability parameter index s i a i by the imo stability parameter index formulas the main role of these equations are to
