Beyond the Metropolis Louise Young,2013-04-15 In *Beyond the Metropolis* Louise Young looks at the emergence of urbanism in the interwar period a global moment when the material and ideological structures that constitute the city took their characteristic modern shape In Japan as elsewhere cities became the staging ground for wide ranging social cultural economic and political transformations The rise of social problems the formation of a consumer marketplace the proliferation of streetcars and streetcar suburbs and the cascade of investments in urban development reinvented the city as both socio spatial form and set of ideas Young tells this story through the optic of the provincial city examining four second tier cities Sapporo Kanazawa Niigata and Okayama As prefectural capitals these cities constituted centers of their respective regions All four grew at an enormous rate in the interwar decades much as the metropolitan giants did In spite of their commonalities local conditions meant that policies of national development and the vagaries of the business cycle affected individual cities in diverse ways As their differences reveal there is no single master narrative of twentieth century modernization By engaging urban culture beyond the metropolis this study shows that Japanese modernity was not made in Tokyo and exported to the provinces but rather co constituted through the circulation and exchange of people and ideas throughout the country and beyond **Routledge Handbook of Modern Japanese History** Sven Saaler,Christopher W. Allen,2011-11-11 Winner of the Joseph Levenson Post 1900 Book Prize This cultural study of public space examines the cityscape of Taipei Taiwan in rich descriptive prose Contemplating a series of seemingly banal subjects maps public art parks Joseph Allen peels back layers of obscured history to reveal forces that caused cultural objects

to be celebrated despised destroyed or transformed as Taipei experienced successive regime changes and waves of displacement In this thoughtful stroll through the city we learn to look beyond surface ephemera moving from the general to the particular to see sociocultural phenomena in their historical and contemporary contexts Watch the book trailer <https://www.youtube.com/watch?v=xBdGIoox7zM>
