Las Mejores Novelas Contemporáneas: 1910-1914 Joaquín de Entrambasaguas, 1959 *The Palgrave Handbook of Transnational Women's Writing in the Long Nineteenth Century* Claire Emilie Martin, Clorinda Donato, 2024-03-14 This handbook explores the rich and as yet understudied field of women's writing during the nation building years that characterized the global politics of the long nineteenth century In the wake of the American and French Revolutions the waning of the Spanish Empire subsequent Latin American uprisings and the Italian Risorgimento nineteenth century women writers cracked wide open the myths of gender race and class that had sustained the ancien régime This volume shows that the transnational networks of women writing about politics sexuality economics and the forging of the modern nation were much broader and more inclusive at a global level than has previously been understood The handbook uniquely foregrounds French Italian Latin American and Spanish women writers focusing on the transnational nature of their relationships and cultural production within a growing body of research that casts an ever wider net in the effort to document women's voices

The Spanish American Crónica Modernista, Temporality and Material Culture Andrew Reynolds, 2012-10-20 This study explores how Spanish American modernista writers incorporated journalistic formalities and industry models through the crónica genre to advance their literary preoccupations Through a variety of modernista writers including Jos Mart Amado Nervo Manuel Gutiérrez Nájera and Rubén Darío Reynolds argues that extra textual elements such as temporality the material formats of the newspaper and book and editorial influence animate the modernista movement's literary ambitions and aesthetic ideology Thus instead of being stripped of an esteemed place in the literary sphere due to participation in the market based newspaper industry journalism actually brought modernismo closer to the writers desired artistic autonomy Reynolds uncovers an original philosophical and sociological dimension of the literary forms that govern modernista studies situating literary journalism of the movement within historical economic and temporal contexts Furthermore he demonstrates that journalism of the movement was eventually consecrated in book form revealing modernista intentionality for their mass produced seemingly utilitarian journalistic articles The Spanish American Crónica Modernista Temporality and Material Culture thereby enables a better understanding of how the material textuality of the crónica impacts its interpretation and readership

[Nineteenth-Century Spanish America](#) Christopher Conway, 2015-07-14 *Nineteenth Century Spanish America A Cultural History* provides a panoramic and accessible introduction to the era in which Latin America took its first steps into the Modern Age Including colorful characters like circus clowns prostitutes bullfighters street puppeteers and bestselling authors this book maps vivid and often surprising combinations of the new and the old the high and the low and the political and the cultural Christopher Conway shows that beneath the diversity of the New World there was a deeper structure of shared patterns of cultural creation and meaning Whether it be the ways that people of refinement from different countries used the same rules of etiquette or how commoners shared their stories through the same types of songs Conway

creates a multidisciplinary framework for understanding the culture of an entire hemisphere The book opens with key themes that will help students and scholars understand the century such as the civilization and barbarism binary urbanism the divide between conservatives and liberals and transculturation In the chapters that follow Conway weaves transnational trends together with brief case studies and compelling snapshots that help us understand the period How much did books and photographs cost in the nineteenth century What was the dominant style in painting What kinds of ballroom dancing were popular Richly illustrated with striking photographs and lithographs this is a book that invites the reader to rediscover a past age that is not quite past still resonating into the present *Spanish Literature* David William Foster, Daniel
