Revolution and Counter-revolution in England, Ireland and Scotland, 1658-1660 Brian Manning,2003 Detailing the events between the death of Cromwell and the Restoration of the monarchy in Britain historian Brian Manning whose work has been highly praised by the late Christopher Hill shows that the Restoration was by no means inevitable after Cromwell s death He argues that there were great ideological and political battles fought over the future of Britain between 1658 and 1660 The strength of Manning s argument lies in the detail with which he evokes the political activity of ordinary groups of people in 17th century Britain This is Marxist history at its very best

Domesticity and Dissent in the Seventeenth Century Katharine Gillespie,2004-02-05 In *Domesticity and Dissent* Katharine Gillespie examines writings by seventeenth century English Puritan women who fought for religious freedom Seeking the right to preach and prophesy women such as Katherine Chidley Anna Trapnel Elizabeth Poole and Anne Wentworth envisioned the modern political principles of toleration the separation of Church from state privacy and individualism Gillespie argues that their sermons prophesies and petitions illustrate the fact that these liberal theories did not originate only with such well known male thinkers as John Locke and Thomas Hobbes Rather they emerged also from a group of determined female religious dissenters who used the Bible to reassess traditional definitions of womanhood public speech and religious and political authority Gillespie takes the pamphlet literatures of the seventeenth century as important subjects for analysis and her study contributes to the important scholarship on the revolutionary writings that emerged during the volatile years of the mid seventeenth century Civil War in England
