Under Construction Reframing Mens Spirituality:

Under Construction Gareth Brandt, 2009 Warriors lone rangers conquerors these are the common images that come to mind when talking about men But are those the only metaphors for Christian men Using the story of Joseph from the Bible Gareth Brandt shows how male spirituality reaches its height when it shows compassion to all people beginning with those close to us and finds meaning through participation in building God s commonwealth of love and justice 228 Pages

Spirituality with Clothes On Gareth Brandt, 2015-01-05 There is no such thing as a naked spirituality Our spirituality is always shaped by the clothes of our experience The quest of Spirituality with Clothes On is to acknowledge that we do wear clothes and by examining them we begin to understand ourselves and accept others who are wearing different outfits We are what we wear we cannot separate ourselves from our gender personality developmental stage family historical background culture or the difficult experiences of our lives We need to acknowledge all these things reflect on them and sometimes even embrace them in order to truly become ourselves Spirituality With Clothes On was quoted in Stuart Murray s fifth anniversary edition of Naked Spirituality

Peaceful at Heart Don Neufeld, Steve Thomas, 2019-05-31 While there are plenty of books by men for men on the topic of Christian masculinity these books generally fail to address men's propensities for violence and the traditional inequity between men and women often endorsing inequity and sanctioning aggressive behavior as an appropriate manly response to conflict Peaceful at Heart cuts through this conversation by offering a uniquely Anabaptist Christian perspective on masculinity The vision of masculinity presented in this book is more peaceful just caring life giving for men and more sensitive to women and children than both traditional images of masculinity and the hypermasculine images promoted by contemporary popular culture and wider evangelical Christianity Peaceful at Heart addresses men and masculinity using Anabaptist theological themes of discipleship community and peace As a collaborative project by men for men this book demonstrates through personal narratives theological reflection and practical guidance the importance of collective discernment accountability and mutual encouragement regarding how to live as a peaceful man in a violent world

In the Room with Men Matt

Englar-Carlson,Mark A. Stevens,2006 In the Room With Men explores theories of masculinities current research on the psychology of men and how these ideas are applied in clinical practice Men enter therapy less frequently than women and when they do therapy can be quite different than it is with women clients To work with men successfully therapists must be aware of these differences and often must adjust their approach Although a growing amount of research addresses the mental health issues that men face it is hard to find anything in the literature documenting the experiences of therapists working with men or ways to tailor therapy to their unique needs The contributing authors of this volume remedy this situation by bringing readers into the counseling room with their male clients and describing their personal views about and their particular approach to working with men At the heart of each chapter is a case narrative giving readers a hands on feel for how therapy works with male clients and insight into how and why therapists make certain clinical decisions backgrounds and in so doing highlight how notions of masculinity intersect with other aspects of culture Over the course of the volume these case examples and discussions paint a clear picture of the clinical realities of working with men Featuring empirical discussions throughout the volume as well as a comprehensive theory and literature survey In the Room With Men effectively combines research theory and actual practice making this a must have resource for all mental health practitioners
