Understanding And Treating Military Sexual Trauma Focus On Sexuality Research

Bret A. Moore

Understanding And Treating Military Sexual Trauma Focus On Sexuality Research:

Understanding and Treating Military Sexual Trauma Kristen Zaleski, 2018-05-02 This authoritative update presents current findings on and clinically and ethically sound responses to the epidemic of sexual assault in the military. It examines in powerful detail how military culture enables a pervasive subculture of sexual violence from consistently devaluing women to blaming victims and denying them justice. The author's dual attachment trauma theory lens attends to a wide range of outcomes such as unit members closing ranks against survivors and the continuing impact of assault trauma on veterans' lives. And the book's second half critiques standard forms of treating military sexual trauma in favor of individualized therapy addressing the physical, psychological, and neurological aspects of trauma and recovery. This important volume covers Theory and history of sexual violence as a weapon of war. Legal and health considerations in the aftermath of military sexual assault. Critical distinctions between military and civilian legal response to sexual assault. Variations in symptomology among survivors. Specific barriers to services for male and LGBT survivors. New and emerging treatment options for military sexual trauma. PTSD. This Second Edition of *Understanding and Treating Military Sexual Trauma* follows its predecessor as an essential reference on its subject for mental health clinicians treating sexual trauma in the military as well as trauma researchers, sociologists, women's health practitioners, and university students whose focus is women's studies, public policy, public health, social work, psychology, sociology, or political science.

First-Line Clinical Approaches with Active Duty Service Members and Veterans Ronn Johnson, 2023-11-21 This book offers a culturally responsive and empirically based approach to working with active duty service members, veterans, and their families. It examines the assessment and evidenced-based treatment of sexual trauma, alcohol and substance abuse, depression, insomnia, intimacy issues, and OCD in service members and veterans, and the major ethical and clinical challenges for licensed independent providers. The chapters are written by distinguished scholars and experienced healthcare providers who deliver health-focused interventions and integrate relevant cross-cultural factors for working with diverse patients. Loaded with clinical examples and up-to-date research, this book is essential for all mental health professionals working or in training to serve military personnel or veterans in the United States.

Treating Military Sexual Trauma Lori S. Katz, 2015-07-20 The incidence of sexual assault and harassment experienced by members of the US Armed Forces has reached epidemic proportions. Its victims often suffer from devastating life-long consequences to their careers, health, relationships, and psychological wellbeing. This authoritative resource is written for mental health clinicians about understanding and treating military sexual trauma (MST). With contributions from top experts in the field, this book presents information on evidence-based and emerging treatments to address the complex symptoms related to MST. This text provides a solid foundation for clinicians who work with veterans and active-duty military personnel and discusses how to address the unique challenges of treating MST in their clients.

Safety for Survivors United States. Congress. House. Committee on Veterans' Affairs. Subcommittee on Health, 2014

Sexuality and Illness Anne Katz, 2021-09-13 This evidence based guide educates and informs health professionals about promoting sexual wellbeing in the context of challenges from physical and mental health Sexuality is an important aspect of quality of life for many people but can be affected by a wide variety of health conditions such as cardiovascular disease mental illness menopause diseases of ageing neurological diseases and spinal cord injuries combat injuries and cancer Building readers confidence in initiating and encouraging open communication on this often neglected topic Sexuality and Illness includes case studies that illustrate how to talk about sexuality and support patients with concerns about it Making recommendations for practice and further reading it takes into account gender sexual race and ethnic diversity This accessible text demystifies a topic that is sometimes difficult to discuss It is essential reading for healthcare practitioners interested in providing comprehensive and person centred care

Homework Assignments and Handouts for LGBTQ+

Wounds of History Jill Salberg, Sue Grand, 2016-12-08 Wounds of History takes a new view in psychoanalysis using a trans generational and social political cultural model looking at trauma and its

transmission The view is radical in looking beyond maternal dyads and Oedipal triangles and in its portrayal of a multi generational world that is no longer hierarchical This look allows for greater clinical creativity for conceptualizing and treating human suffering situating healing in expanding circles of witnessing The contributors to this volume look at inherited personal trauma involving legacies of war genocide slavery political persecution forced migration unwelcomed immigration and the way attachment and connection is disrupted traumatized and ultimately longing for repair and reconnection The book addresses several themes such as the ethical social turn in psychoanalysis the repetition of resilience and wounds and the repair of these wounds the complexity of attachment in the aftermath of trauma and the move towards social justice In their contributions the authors remain close to the human stories Wounds of History will be of interest to psychoanalysts psychologists and other mental health professionals as well as students or teachers of trauma studies Jewish and gender studies and studies of genocide

Trans Lives in a Globalizing World J. Michael Ryan, 2020-09-30 This volume seeks to explore contemporary trans lives in a world that is both global and increasingly globalizing examining the nuances of the rights identities and politics that make up the varied spectrum of what has come to be included under the largely Western imposed label of trans Trans identities and rights have become increasingly prominent in the social imagination in recent years and in a growing number of locales have also become hot button political issues As trans individuals are demanding and gaining their rights these debates are bringing issues of trans lives to the forefront of politics and into social discussions in nearly every country in the world today In a series of essays covering the key themes of Identities Rights and Politics this interdisciplinary collection presents an international range of topics spanning human rights and asylum seekers to the Hijras of South Asia and gender affirming surgeries all placing trans lives in a global ized context This is an important contribution from a diverse group of established and emerging scholars seeking to position trans and transgender research in a global framework It will be of key interest to researchers in Trans Studies Gender Studies Sexuality Studies Cultural and Media Studies Sociology Politics and Anthropology and for introductory courses in gender and LGBT issues

Gay Mental Healthcare Providers and Patients in the Military Elspeth Cameron Ritchie, Joseph E. Wise, Bryan Pyle, 2017-11-18 This volume tells the history of homosexuality in the United States military beginning in 1986 when the issue first came to the forefront of social consciousness Each chapter is written through the eyes of gay mental healthcare providers covering how to steadily adapt and learn to treat veterans struggling with the traumas associated with the stigma of homosexuality in service Topics include the Don t Ask Don t Tell DADT policy its repeal in 2011 and addresses the current trends and challenges Unlike any other professional book this text includes the personal stories of gay military mental healthcare providers as well as gay civilian clinicians who have worked with the military population in various segments in history These accounts offer invaluable support for medical professionals working with this demographic Chapters cover the various psychological damage service personnel encounter as it uniquely pertains to those struggling with the stigma of LGBTQ

rights Chapters include clinical pearls for particular psychiatric concerns lessons learned for the future and hard earned successes as stigmas and perceptions evolved over time *Gay Mental Healthcare Providers and Patients in the Military* is an excellent resource for psychiatrists psychologists social workers policymakers and all professionals who are interested in LGBTQ rights in the context of veteran psychiatry **Post-Traumatic Stress Disorder and Art Therapy** Amy

Backos,2021-01-21 This book focusses on art therapy as a treatment of PTSD in both theory and practice It includes an in depth look at what PTSD is how it develops and how art therapists should approach and treat it with a focus on furthering social justice The chapters cover a wide variety of contexts including adults at a rape crisis centre veterans children in group homes and patients at substance use facilities The second section of the book includes invaluable practical strategies and interventions based on the author s decades of experience in the field It also discusses more complex concepts including the impact of avoidance in maintaining symptoms of PTSD and considers how Acceptance and Commitment Therapy can guide art therapy interventions **Focus on Posttraumatic Stress Disorder Research** Thomas A. Corales,2005 Posttraumatic

Stress Disorder or PTSD is a psychiatric disorder that can occur following the experience or witnessing of life threatening events such as military combat natural disasters terrorist incidents serious accidents or violent personal assaults like rape People who suffer from PTSD often relive the experience through nightmares and flashbacks have difficulty sleeping and feel detached or estranged and these symptoms can be severe enough and last long enough to significantly impair the person s daily life PTSD is marked by clear biological changes as well as psychological symptoms PTSD is complicated by the fact that it frequently occurs in conjunction with related disorders such as depression substance abuse problems of memory and cognition and other problems of physical and mental health The disorder is also associated with impairment of the person s ability to function in social or family life including occupational instability marital problems and divorces PTSD is associated with a number of distinctive neurobiological and physiological changes PTSD is treated by a variety of forms of psychotherapy and drug therapy This new book presents leading research from around the world

Ending Human Trafficking and Modern-Day Slavery Annalisa Enrile,2017-08-31 Bringing together conceptual practice and advocacy knowledge *Ending Human Trafficking and Modern Day Slavery Freedom s Journey* explores the complexities of human trafficking and modern day slavery through a global perspective This comprehensive multidisciplinary text includes a discussion of the root causes and structural issues that continue to plague society as well as real life case studies and vignettes the words of human trafficking survivors and insights from first responders and anti trafficking advocates Each chapter includes a call to action to inspire readers to implement a range of strategies designed to disrupt eradicate or mitigate human trafficking and modern day slavery *Handbook of Sexual Assault and Sexual Assault Prevention* William T. O'Donohue,Paul A. Schewe,2019-10-18 This timely handbook provides in depth overviews of the myriad and multi faceted issues surrounding sexual assault and its pervasiveness in today s culture Drawing for multiple viewpoints and experts the

book is divided into seven comprehensive sections covering such topics as risk factors varying theoretical frameworks prevention and intervention and special populations Within these sections the authors provide historical background as well as the latest research and offer treatment outcomes and potentials Selected topics covered in this book include Feminist theories of sexual assault Social and economic factors surrounding sexual violence Mental physiological physical and functional health concerns of victims including PTSD Major categories of sexual offenders Treatment of sexual assault survivors in the LGBTQ community Procedural processes related to sexual assault investigation and adjudication within the criminal justice system The Handbook of Sexual Assault and Sexual Assault Prevention is a vital book that will appeal to a broad spectrum of students researchers practitioners and clinicians in the fields of psychology psychiatry community mental health and sociology

Handbook for Human Sexuality Counseling Angela M. Schubert, Mark Pope, 2022-09-20 Sexuality is a significant part of the human experience yet it is often a neglected topic in both counselor training and the counseling process In this preeminent guide expert clinicians with a variety of mental health and medical backgrounds write on diverse issues related to sexuality through a radical acceptance lens Each chapter illustrates an affirmative and expansive approach to sexuality that considers clients sexual and cultural identities and emphasizes sexual wellness Students and professionals alike will learn how to respectfully and ethically approach sexuality considerations not commonly mentioned in the professional literature such as sexuality and disability healing after sexual violence older adult sexuality the impact of chronic illness on sexual expression and paraphilias The text is organized around eight comprehensive parts Foundations Physiological and Psychological Attraction Orientation and Gender Sexual Wellness Sexual Agency Approaches to Sexual Divergence Relationships and Education with case examples Questions You Always Wanted to Ask and additional resources interwoven throughout

Humanity and Human Sexuality: The Origin and Nature of Sexual Preference Kevin Franklin, 2024-03-28 In *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* Dr Kevin Franklin embarks on an extraordinary exploration of the human being of mind and their potential Delving deep into themes of confusion and disorder he unveils how a trickster mind can hinder an individual's true potential for life and freedom Drawing from his own profound experiences of childhood psychosis which once seemed to destine him for a life overshadowed by schizophrenia and the threat of early suicide Dr Franklin defies expectations This book ventures beyond traditional boundaries to examine the metaphysical aspects of psychological order offering a unique perspective on the often misunderstood concepts of societal and psychological disorders Dr Franklin's insights extend into a scientific demonstration of the innate origins and nature of both heterosexual and homosexual preferences *Humanity and Human Sexuality: The Origin and Nature of Sexual Preference* illuminates various fields Philosophy Religion History Science Society and Psychology offering a revolutionary viewpoint on these disciplines It challenges long held beliefs and misconceptions particularly in the realms of sexual identity the gender and transgender discussion and the complex relationship between religion and science

Structured in two parts the book first deconstructs the mythology of sexual identity before reconstructing a comprehensive understanding of human sexuality. It seeks to resolve some of humanity's most pressing issues: the lack of human compassion, the intricacies of gender identity, and the historical tensions between religious beliefs and scientific understanding. This book is an essential read for anyone seeking a deeper understanding of the origins and nature of sexual preference and identity and the broader implications for society. Sexual Education Around the World - Past, Present and Future Issues Rogena Sterling, 2023-09-13. Sexual education is a worldwide concern that intersects with various attitudes, values, and cultural norms. It is an area of life that has for many years been kept private but now there is recognition that there is a need to support people, especially young people, in modern societies. The way sexual education is taught and applied within institutions shapes the way we understand and approach human sexuality. Various societies have chosen various means to provide sexual education, both at school and to the wider society. There is still much more development and support needed, however. We can begin to identify strategies for overcoming challenges in sex education, promoting healthier attitudes, and empowering individuals to make informed decisions about their own bodies and relationships. This book is organized into three sections. The first section focuses on issues in sexual education, such as sexual harassment, sexuality and relationship education, and advocacy by people with disabilities, future challenges, and sex differences in physical attractiveness. The second section focuses on the means of sexual health education interventions, including the use of technology. The last section includes a chapter on sex education and the invisibility of intersex people in the curriculum. Trauma and Resilience Keith A. Young, 2021-02-15. Aimed primarily at teens and young adults, the information, guidance, and resources in this book will also make it valuable for anyone directly or indirectly affected by trauma, as well as those wishing to learn new resiliency and coping strategies. Traumatic experiences come in many forms, from fighting in a war zone to suffering abuse at the hands of a stranger or a loved one, to being in or witnessing an accident. Trauma can have far-reaching and long-lasting negative impacts affecting psychological well-being, relationships, and even physical health. But with proper treatment, many individuals are able to not only survive after trauma but thrive. Part of Bloomsbury's Q & A Health Guides series, Trauma and Resilience: Your Questions Answered follows a reader-friendly question and answer format that anticipates readers' needs and concerns. Prevalent myths and misconceptions are identified and dispelled, and a collection of case studies illustrates key concepts and issues through relatable stories and insightful recommendations. Each book also includes a section on health literacy, equipping teens and young adults with practical tools and strategies for finding, evaluating, and using credible sources of health information, both on and off the internet, important skills that contribute to a lifetime of healthy decision-making.

Handbook of Counseling Military Couples Bret A. Moore, 2012-04-27. The military imposes unique and often severe challenges to couples, which clinicians, particularly the growing numbers of civilian clinicians who see military couples, often struggle to address. These problems are only compounded by misunderstandings and misconceptions about what it means to

be part of a specific branch of the military and part of the military as a whole Handbook of Counseling Military Couples includes a clear thorough introduction to military culture and to couple relationships in the military But more than that it provides readers with expert analyses of the special types of issues that come up for military couples and shows clinicians how to address them productively In the chapters readers will find the answers to questions such as how are military couples rights different from those of civilians What attitudes and beliefs about relationships might military members bring to a session and how are those different from those of civilians What is the state of marriage and divorce in each of the branches and within the military in general For a particular treatment modality how does research in with military members compare to that of civilians When should particular treatment strategies be used and why and how *Caring for the Military* Joan Beder, 2016-07-22 With overseas deployment scaling down in recent years helping professionals need practical tools for working with servicemen and women returning from deployment *Caring for the Military* with its case studies and clinical discussions is indispensable for social workers and other helping professionals working with these populations Leading experts contribute chapters on the challenges faced by reintegrating members of the military including returning to a family entering the workforce and caring for those with PTSD TBI and moral injury This text also features unique chapters on telemental health multidisciplinary settings and caregiver resiliency **Medical Family Therapy** Jennifer Hodgson, Angela Lamson, Tai Mendenhall, D. Russell Crane, 2014-03-18 High praise to Hodgson Lamson Mendenhall and Crane and in creating a seminal work for systemic researchers educators supervisors policy makers and financial experts in health care The comprehensiveness and innovation explored by every author reflects an in depth understanding that reveals true pioneers of integrated health care *Medical Family Therapy Advances in Application* will lead the way for Medical Family Therapists in areas just now being acknowledged and explored Tracy Todd PhD LMFT Executive Director of the American Association for Marriage and Family Therapy Integrated interdisciplinary health care is growing in stature and gaining in numbers Systems and payers are facilitating it Patients and providers are benefitting from it Research is supporting it and policymakers are demanding it The emerging field of Medical Family Therapy MedFT is contributing greatly to these developments and *Medical Family Therapy Advanced Applications* examines its implementation in depth Leading experts describe MedFT as it is practiced today the continuum of services provided the necessary competencies for practitioners and the biological psychological social and spiritual aspects of health that the specialty works to integrate Data rich chapters model core concepts such as the practitioner as scientist the importance of context in health care settings collaboration with families and communities and the centrality of the relational perspective in treatment And the book s wide spectrum coverage takes in research training financial and policy issues among them Preparing MedFTs for the multiple worlds of health care Extending platforms on how to build relationships in integrated care Offering a primer in program evaluation for MedFTs Ensuring health equity in MedFT research Identifying where policy and practice collide with ethics and integrated care Recognizing

the cost effectiveness of family therapy in health care With its sophisticated insights into the current state and the future of healthcare reform *Medical Family Therapy Advanced Applications* is essential reading for researchers and practitioners in the fields of clinical psychology counseling family therapy healthcare policy psychiatric nursing psychiatry public health and social work
