Horizons is an innovative comprehensive approach to religious education. Its foundation is teacher led creative learning strategies that give students ample opportunities for discussion, reflection, and fun. Designed for grades 9-12, Horizons utilizes a module system so that you can combine courses and topics to meet the specific needs of your parish. Then choose from a wide selection of age appropriate minicourses to round out your curriculum and craft summer courses, retreats, and youth group activities. The Youth Ministry Strategies component features more than 65 creative youth activities to complement the Horizons curriculum. Marc A. Pugliese, Alexander Y. Hwang, 2017-08-01 In *Teaching Interreligious Encounters*, Marc A. Pugliese and Alexander Y. Hwang have gathered together a multidisciplinary and international group of scholar teachers to explore the pedagogical issues that occur at the intersection of different religious traditions. This volume is a theoretical and practical guide for new teachers as well as seasoned scholars. It breaks the pedagogy of interreligious encounters down into five distinct components. In the first part, essays explore the theory of teaching these encounters; in the second, essays discuss course design. The parts that follow engage practical ideas for teaching textual analysis practice and real world application. Despite their disciplinary, contextual, and methodological diversity, these essays share a common vision for the learning goals and outcomes of teaching interreligious encounters. This is a much needed resource for any teacher participating in these conversations in our age of globalization and migration with its attendant hopes and fears. *American Theological Inquiry*.
