I. GENERAL INFORMATION

Congratulations on having chosen a Victorinox Swiss Army timepiece. To ensure your timepiece operates perfectly, we recommend that you follow the advice given in these instructions.

Your timepiece is fitted with either a screw-down or a "pull-out" crown. In order to establish which, gently try to pull the crown out to position 2. If that works, your timepiece is fitted with a "pull-out" crown. If not, use your thumb and forefinger to apply mild pressure on the crown, while rotating towards you to release it. If it does so, you have a screw-down crown.

 After use, push the crown back in or screw it down until it is secure in order to maintain the water resistance of your timepiece.

Quartz timepieces are battery-operated. When the battery is exhausted, we recommend that you have it replaced immediately at an authorized Victorinox Swiss Army Service Center where the water resistance of your timepiece will also be checked. The battery is not covered by the warranty.

COLLECTION AND DISPOSAL OF QUARTZ TIMEPIECE BATTERIES*

This symbol indicates that this product must not be thrown away with household rubbish. It must be disposed of at an authorized battery disposal point. By doing so you will be protecting the environment and human health. Recycling conserves natural resources.
