been fascinated by horror stories There had always been mystical stories of the spilling of blood like blood sacrifices to the gods for a good harvest or the consumption of blood from a warrior to gain the dead warrior's strength Look no further than our own Bible Look at Cain and Abel the Aztec Toltec Inca and many of the Central and South American tribes A person walking past a narrow alley in the daytime will give it a quick glance and think nothing of it But add the darkness of a late night or a sudden wind or a sudden noise or a shadow upon the wall and have that same person walk past that same alley and he will conjure up within his mind all kinds of things hiding in that alley Many people are fascinated by eternal life and staying young forever As an example look at the money we spend on makeup to camouflage our age A vampire can accomplish staying young forever by drinking the blood of the living It is the ancient ritual of consuming the blood of the

living to extend one's life or to absorb virility strength and youth of the one that was killed. There are stories that have been handed down through the ages about the existence of vampires in the Far East like China and Japan all over Europe but mostly in Eastern Europe particularly in Romania and Bulgaria.

Shapeshifters John B. Kachuba, 2019-06-10. There is something about a shapeshifter, a person who can transform into an animal that captures our imagination, that causes us to want to howl at the moon or flit through the night like a bat. Werewolves, vampires, demons, and other weird creatures appeal to our animal nature, our dark side, our desire to break free of the bonds of society and proper behavior. Real or imaginary shapeshifters lurk deep in our psyches and remain formidable cultural icons. The myths, magic, and meaning surrounding shapeshifters are brought vividly to life in John B. Kachuba's compelling and original cultural history. Rituals in early cultures worldwide seemingly allowed shamans, sorcerers, witches, and wizards to transform at will into animals and back again. Today, there are millions of people who believe that shapeshifters walk among us and may even be world leaders. Featuring a fantastic and ghoulish array of examples from history, literature, film, TV, and computer games, *Shapeshifters* explores our secret desire to become something other than human.

Religion and Its Monsters Timothy Beal, 2014-02-04. Religion's great and powerful mystery fascinates us, but it also terrifies. So too the monsters that haunt the stories of the Judeo-Christian mythos and earlier traditions: Leviathan, Behemoth, dragons, and other beasts. In this unusual and provocative book, Timothy K. Beal writes about the monsters that lurk in our religious texts and about how monsters and religion are deeply entwined. Horror and faith are inextricable. As monsters are part of religious texts and traditions, so religion lurks in the modern horror genre, from its

birth in Dante's *Inferno* to the contemporary spookiness of H.P. Lovecraft and the Hellraiser films *Religion and Its Monsters* is essential reading for students of religion and popular culture as well as any readers with an interest in horror. *Dracula, the Son of the Dragon* Neal Iacono, 2001-09 Go back with Prince Vlad Dracula to life in fifteenth century Romania with this award winning novel Experience the Balkans under the rule of Dracula and see how it relates to Kosovo This historical novel reveals the truths about Dracula.
