Uncommon Beings Irrational:

Uncommon Beings Samantha Lee, 2018-11-27 Live like there s no tomorrow That s the motto Annie lived by and used to encourage her best friend to stop waiting for their cancer to finally kill them Jasmine and Annie have been best friends since their parents enrolled them in a cancer research program when they were little Though the treatments have been grueling and both have suffered multiple setbacks they have surpassed the life expectancy rate for their type of cancer Now adults Annie wants out of the program so she can try to have some semblance of a normal life as long as she can Jasmine has come to accept that surviving cancer is all that they are meant to do and therefore does not understand why Annie would just give up She wants desperately to convince her best friend to reenter the program but how can she when she herself does not believe there s anything in life worth fighting for Derrick lost the love of his life in a vicious attack years ago He abandoned his family his life and his feelings in order to cope with the losing Antanasia Now back at least physically with his family he still struggles to deal with his emotions He spends his days existing by running Canyon Corp and avoiding any quality time with his family Derrick doesn t understand why his family will not just let him be He believed just being present would make them happier than being gone again For him a life of feelings or emotions was worse than death And death for a vampire does not come easily When Jasmine and Derrick met they knew instantly there was a connection Jasmine tried to ignore it because all she wanted to do was save her best friend Derrick was against feeling anything yet no matter how hard he tried he could not keep her out of his mind Once he learned of her cancer he was shocked that he only felt more compelled to be with her He knew vampires could cure a lot of things but cancer was not one of them He questioned why he would want to fall for someone so frail and risk the chance of more pain when he eventually lost her Personal struggles mixed with a past long thought dead are more than enough to prevent these two from being together Jasmine struggles to understand her feelings for Derrick Guilt fascination fear and excitement are on endless repetition in her mind and heart She comes to understand what Annie has been preaching to her all these years but it may be too late Derrick yearns to understand why after all these years this fragile little human would be the one to awaken emotions he buried decades ago He will need his family if his relationship with Jasmine is to survive but believes he may have done too much damage to receive any of their help

Uncommon Decency Richard J. Mouw, 2011-08-29 Few if any people in the evangelical world have conversed as widely and sensitively as Richard Mouw That s why Mouw can write here so wisely and helpfully about what Christians can appreciate about pluralism the theological basis for civility and how we can communicate with people who disagree with us on the issues that matter most

On Being Unreasonable Kirsty Sedgman, 2023-02-14 Manners order and respect these are all ideals we subscribe to In opposed positions we ought to be able to agree to disagree Today s world is built from structures of standards and reason but it is imperative to ask who constructed these norms and why We are more divided than ever before along lines of race gender class disability and it s time to question who benefits the most What if our

propensity to measure human behaviour against rules and reason is actually more problematic than it might seem Kirsty Sedgman shows how power dynamics and the social biases involved have resulted in a wide acceptance of what people should and shouldn't do but they create discriminatory realities and amount to a societal façade that is dangerous for genuine social progress From taking the knee to breastfeeding in public from neighbourhood vigilantism to the Colston Four and exploring ideas around ethics justice society and equality along the way Sedgman explores notions of civility throughout history up to now On Being Unreasonable mounts a vital and spirited defence of why and how being unreasonable can help improve the world It examines and parses the pros and cons of our rules around reason but leaves us with the rousing question What if behaving unreasonably at times might be the best way to bring about meaningful change that is long overdue Illogical Geology George McCready Price,1906 **A Grammar of the Kûi Language** J. E. Friend Pereira,1909

Reason and Ethics Joel Marks,2020-10-01 Reason and Ethics defends the theoretical claim that all values are subjective and the practical claim that human affairs can be conducted fruitfully in full awareness of this Joel Marks goes beyond his previous work defending moral skepticism to question the existence of all objective values This leads him to suggest a novel answer to the Companions in Guilt argument that the denial of morality would mean relinquishing rationality as well Marks disarms the argument by conceding the irreality of both morality and logic but is still able to rescue rationality while dispensing with morality on pragmatic grounds He then offers a positive account of how life may be lived productively without recourse to attributions and assertions of right and wrong good and bad and even truth and falsity Written in an accessible and engaging style Reason and Ethics will be of interest to scholars and students working in metaethics as well as to the generally intellectually curious **Poet and Peer** Hamilton Aidé,1880 New York Court of Appeals.
