Under The Ground Picture Books:

Under the Ground Anna Milbourne, 2006 Have you ever wondered what's under the ground This exciting picture book takes you on an incredible journey through the Earth to find out **Picturebooks** Evelyn Arizpe, Maureen Farrell, Julie McAdam, 2014-10-14 The picturebook is now recognized as a sophisticated art form that has provided a space for some of the most exciting innovations in the field of children's literature This book brings together the work of expert scholars from the UK the USA and Europe to present original theoretical perspectives and new research on picturebooks and their readers The authors draw on a variety of disciplines such as art and cultural history semiotics philosophy cultural geography visual literacy education and literary theory in order to revisit the question of what a picturebook is and how the best authors and illustrators meet and exceed artistic narrative and cultural expectations The book looks at the socio-historical conditions of different times and countries in which a range of picturebooks have been created pointing out variations but also highlighting commonalities It also discusses what the stretching of borders may mean for new generations of readers and what contemporary children themselves have to say about picturebooks This book was originally published as a special issue of the *New Review of Children's Literature and Librarianship* **Little Lily's picture book. With pictures by J. Gilbert [and others].** Lily (little.), 1872 **The instructive picture book, or, Progressive lessons from the natural history of animals and plants, ed. by A. White and R.M. Stark** Adam White, 1857 The Children's Nursery Picture Book of Old Favourite Stories, Etc Children, 1870 **Routledge's large-size coloured picture book** George Routledge (and sons; ltd.), 1881 *Our Dutch doll's picture book*, 1894 **The Instructive Picture-Book, Or Progressive Lessons from the Natural History of Animals and Plants. Edited by A. W. ... and R. M. S.** Adam White, 1857 Little Rosebud's picture book, by J.D. J. D., 1892 *Little Pinafore's picture book* Pinafore (fict.name.), 1890 **Aunt Mary's Sunday picture book** Mary (aunt, pseud.), 1873 **The summer-day picture book** Flora Klickmann, 1899 **Marie Neurath and Isotype Picturebooks** Susanne Blumesberger, Bettina Kümmerling-Meibauer, Jörg Meibauer, 2025-08-18 Marie Neurath 1898 1986 was an illustrator and graphic designer who from the mid 1940s to the late 1960s created innovative non-fiction books for children Together with her husband politician and philosopher Otto Neurath 1882 1945 and artist and designer Gerd Arntz 1900 1988 she developed a method of visual representation in 1920s Vienna that became known as Isotype International System of Typographic Picture Education Influenced by the progressive ideas of the Vienna Circle Isotype was intended to contribute to the democratization of knowledge To this end the Neuraths and their team created a special form of pictorial statistics that meant to make complex scientific relationships accessible to the layperson In the postwar period Marie Neurath developed several series of informative picturebooks for children that incorporated and further developed the Isotype principles Although these picturebooks were hugely successful in their time international picturebook research has barely acknowledged Marie Neurath's legacy This anthology is the first to elaborate Marie Neurath's achievement as a

transformer of knowledge for children and to analyze her distinctive groundbreaking graphic method **Contemporary Canadian Picture Books** Beverley Brenna, Richard Dionne, Theresa Tavares, 2021-05-31 This enriched reference guide offers a unique overview of more than 200 picture books published by Canadian publishing houses between 2017-2019. The authors cover key themes in contemporary Canadian titles that match broad curriculum trends in education. Response activities are included in the text for example frameworks for critical literacy discussions along with annotated bibliographies that specifically recognize titles by Indigenous authors and illustrators. The book also contains original interviews with a dozen rising stars in Canadian writing and book illustration. While the book is specifically geared for educators it also supports public libraries, education researchers and future picture book creators as well as families who are interested in learning more about reading development and related literacy activities for the home setting. *Playmates picture book* Playmates picture book, 1896 *A Picture Book of Evolution* Dennis Hird, 1906 **Learning from Picturebooks** Bettina Kümmerling-Meibauer, Jörg Meibauer, Kerstin Nachtigäller, Katharina J. Rohlfing, 2015-02-20 Picturebooks understood as a series of meaningful text-picture relations are increasingly acknowledged as an autonomous sub-genre of children's literature. Being highly complex aesthetic products their use is deeply embedded in specific situations of joint attention between a caregiver and a child. This volume focuses on the question of what children may learn from looking at picturebooks whether printed in a book format, created in a digital format or self-produced by educationalists and researchers. Interest in the relationship between cognitive processes and children's literature is growing rapidly and in this book theoretical frameworks such as cognitive linguistics, cognitive narratology, cognitive poetics and cognitive psychology have been applied to the analysis of children's literature. Chapters gather empirical research from the fields of literary studies, linguistics and cognitive psychology together for the first time to build a cohesive understanding of how picturebooks assist learning and development. International contributions explore language acquisition, the child's cognitive development, emotional development, literary acquisition, literary literacy, visual literacy. Divided into three parts considering symbol-based learning, co-constructed learning and learning language skills, this cross-disciplinary volume will appeal to researchers, students and professionals engaged in children's literature and literacy studies as well as those from the fields of cognitive and developmental psychology, linguistics and education. *My Picture-book*, 1860 *The keepsake picture book. 'Golden childhood' vol. for Christmas*, 1878 *Golden childhood*, 1878 **A Picture Book of British History: 1485-1688** Sydney Castle Roberts, 1915
