Understanding Arabs 4th Edition A Guide To Modern Times:

Understanding Arabs Margaret Kleffner Nydell, 2006 Margaret Nydell introduces elements of Arab culture and Islam in an evenhanded unbiased style and covers topics such as beliefs and values religion and society the role of the family social formalities and etiquette and communication styles Work and Leisure in the Middle East Robert A. Stebbins, 2017-07-05 Community involvement and leisure are rarely mentioned in mass media coverage of the Middle East and North Africa Yet leisure and community involvement form a part of life in the region and are becoming increasingly significant as modernization becomes pervasive This work seeks to examine how the interconnection of work and leisure operates in a culture far removed from North American or European traditions Robert A Stebbins argues that the Middle East is a region in the throes of a developmental crisis one of cultural underdevelopment He indicates that while leisure and community involvement may be labeled as largely trivial activities they in fact involve a nexus that crosses with the labor process Discussing activities as diverse as theater and falconry rotary clubs and brutal leisure such as acts of terrorism and revolutionary violence Stebbins offers a variety sufficient enough to confirm that cultural development through leisure work and community involvement has been possible To provide the background for this argument Stebbins explains what community involvement is how it fosters cultural development and offers a look at contemporary leisure and work in a changing economic climate This is a unique look both at community involvement in the Middle East and how it has affected the cultural political and religious crisis The book concludes by proposing that a new view of work and leisure may serve to override social divisions and traditional impediments to cultural development **Emotional Development and Families** Julie Hakim-Larson, 2017-09-30 This lively and engaging book conducts a thorough review of the current research literature in developmental psychology and socialisation and then clearly links theory to practical applications in both clinical and everyday situations Life's first important lessons on how to handle emotions often emerge early on within family relationships forming the foundation for emotional development over the life span Couples siblings parents and extended family members all have profound influences on each other's emotional lives as well as on the lives of the children they are socialising Students can expect to learn a wide range of relevant topics bringing together theory practice and research in a comprehensive and lucid way Covering the main topics of emotional development this textbook reviews contemporary research and makes recommendations for how students might practically use the findings in their future studies or in practice Filled with a wealth of resources and suggestions for further reading this book is an ideal supplementary text suitable for students taking undergraduate and postgraduate courses on developmental psychology family psychology and child clinical psychology This book may also be helpful for those taking undergraduate and postgraduate courses on social work counselling education studies and family studies *Brazilian Evangelical Missions in the Arab World* Edward L. Smither, 2012-07-20 From a mission field to a missions sender These words capture the story of the Brazilian evangelical

church which has gone from receiving missionaries in the nineteenth and twentieth centuries to becoming a movement that presently sends out more global laborers than the churches of England or Canada do After narrating Brazil's missional shift in this volume Smither addresses one fascinating element of the story Brazilian evangelical efforts in the Arab world How have Brazilians adapted culturally among Arabs how have they approached ministry and how have they cultivated a theology of mission in the process Brazilian Evangelical Missions in the Arab World gives the reader insights from one emerging missions movement with an eye toward a more comprehensive view of the global church
