History of the Popes John W. O'Malley, SJ, 2009-11-16 A History of the Popes tells the story of the oldest living institution in

the Western world the papacy From its origins in Saint Peter Jesus chief disciple through Pope Benedict XVI today the popes have been key players in virtually all of the great dramas of the western world in the last two thousand years Acclaimed church historian John W O Malley s engaging narrative examines the 265 individuals who have claimed to be Peter s successors Rather than describe each pope one by one the book focuses on the popes that shaped pivotal moments in both church and world history The author does not shy away from controversies in the church and includes legends like Pope Joan and a comprehensive list of popes and antipopes to help readers get a full picture of the papacy This simultaneously reverent yet critical book will appeal to readers interested in both religion and history as it chronicles the saints and sinners who have led the Roman Catholic Church over the past 2000 years The author draws from his popular audio CD lecture series on the topic 2 000 Years of Papal History available through Now You Know Media www.nowyouknowmedia.com

Vicars of Christ Michael P. Riccards, 1998 This is a fascinating study of the nine men who became Pope from the mid nineteenth century to the present Dr Riccards chronicles their lives and times the issues and events of their papacy and their styles of leadership They each had to discern the spirit of the age and ultimately take their stand in opposition to movements that they perceived went against the gospel and the Roman Catholic Church These men were uniquely instrumental in shaping the church as it is today

A Complete History of the Popes of Rome, from Saint Peter, the First Bishop to Pius the Ninth, the Present Pope Louis-Marie de Lahaye vicomte de Cormenin, 1857 Work contains history of popes from Saint Peter the first Bishop of Rome to Pius IX who was elected in 1846 while the preceding work was passing through the press intelligence was received of the death of Gregory XVI vol 2 p 432 This work opens to our view a clear exposition of the public history and private practices of the men who from the position of simple pastors of a single church advanced their authority step by step until they became not only the ecclesiastical but in fact the temporal lords of Christendom Translator s Preface p 3

A Corrupt Tree: An Encyclopaedia of Crimes committed by the Church of Rome against Humanity and the Human Spirit A.S., 2014-01-13 A Corrupt Tree is a unique extensively researched four volume expos of the dark side of the Church of Rome It reveals that for nearly two thousand years the Church s fundamental characteristic has been its self serving abuse of religious corporate power A large proportion of this first volume provides a detailed catalogue of the multitude of unholy popes Included are those who were immature capricious corrupt lascivious fanatical senile truly mad megalomaniac tyrannical murderous and wholesale killers It confirms that for many many centuries the popes were corrupt cruel inhumane and despotic In an age of savagery they were the leaders in barbarity in the subsequent age of enlightenment they have persistently resisted the march of progress Additionally the popes were wholesale killers who made the principle of assassination a law of the Christian Church Accordingly the Church has shed more innocent blood than any other institution that has ever existed among mankind Here also are presented the cupidity corruption and sexual misconducts of lesser ecclesiastics including cardinals bishops priests monks and nuns Pope Honorius III for example described his priests as

worse than beasts wallowing in their dung The Church's ruthless stranglehold on knowledge and learning is catalogued in detail Mathematics philosophy and science were repressed Selected applied theology ruled the world Everything was explained but nothing was understood The chapters on censorship reveal that even works of considerable literary or philosophical merit did not escape A large number of writings which eventually became classics of European culture were condemned and prohibited The Church also exhibited a vitriolic hatred of those who translated the Bible into the vernacular Many of these men were annihilated Holy books were burned in large numbers particularly the Jewish Talmud It is clearly demonstrated that the Church held back civilisation for over fifteen hundred years Century after century passed away and left the peasantry but little better than the cattle in the fields Finally the unholy behaviours of the numerous popes cardinals and lesser ecclesiastics are shown to establish unequivocally that the Church of Rome is neither holy nor apostolic The ultimate message of these volumes is that to become an exemplary institution and to play a truly humane role in the world's future the Catholic Church must change The Public and Private History of the Popes of Rome Louis-Marie de Lahaye vicomte de Cermenin,1846

Bankers Gerald Posner,2015-02-03 Revealing a history of mysterious deaths shady characters and moral and political tensions exposes the inner workings of the Catholic Church to trace how the Vatican evolved from an institution of faith into an extremely wealthy corporate power Publisher s description [The Pope's Legion](#) Charles A. Coulombe,2025-10-16 Charles A Coulombe s The Pope s Legion tells the amazing adventures of the remarkable multinational force that rallied in defense of the Vatican during the ten year war of Italian reunification With Arthurian grandeur the Papal Zouaves marched into Italy in the mid nineteenth century summoned by the Pope under siege as the Wars of the Risorgimento raged Motivated by wanderlust a sense of duty and the call of faith some 20 000 Catholic men from around the world rallied to Vatican City to defend her gates against Sardinian marauders Volunteers came from France Belgium Spain Ireland Austria and many other

countries including the United States The battles that ensued lasted over 10 years among a shifting array of allies and enemies and are among history s most fascinating yet largely overlooked episodes Napoleon Pius IX and Bismarck all make appearances in the story but at the center were the Zouaves steeped in a knightly code of honor and unflinching in battle as any modern warrior as the Church they vowed to defend to the death teetered at the brink of destruction **The Works of Robert G.
