Vietnam And The West New Approaches:

Vietnam and the West Wynn Wilcox, 2010 This sound interpretation of Vietnamese cultural attitudes contends that a major reason for American difficulties in Viet Nam has been the failure to appreciate how wide the gulf is between Viet Nam and the West Professor Smith first describes Vietnamese political and social traditions and shows how they were challenged by the West after 1858 He examines Viet Nam's search for independence and modernization in the first half of this century contrasts the two governments of the partitioned country during the years 1954-1963 and stresses the critical need to reassess attitudes toward Viet Nam His sophisticated ambitious survey of Viet Nam history will have a lasting value that sets it apart from the scores of ephemeral books on this country **Vietnam and the West. New approaches** Wynn

Wilcox, 2010 **Asian Pacific Catholicism and Globalization** José Casanova, Peter C. Phan, 2023-12-01 This history of the Catholic Church in Asia and the Pacific illuminates the processes of globalization Since the sixteenth century Catholicism has contributed significantly to global connectivity Except for the Philippines and Timor-Leste Catholicism in Asia is and is likely to remain a minority religion For this reason it can serve as a unique prism through which to look at the processes of globalization in Asia Asian Pacific Catholicism and Globalization demonstrates to scholars and students of Catholic history that the development of Catholicism in Asia and later in the Oceania-Pacific region is closely associated with three different phases of globalization This book approaches the historical processes of globalization not as structural agencies or causal forces but rather as the historical contexts that condition possibilities for human action and reaction in the world The editors identify three distinct phases in the development of Catholicism in Asia and Oceania early modern sixteenth-eighteenth centuries modern Western hegemony 1780s-1960s and the contemporary 1960s-present The book's contributors discuss the development of Catholicism in all the major countries of the region including China Japan South Korea the Philippines Vietnam India and Australia **Reading South Vietnam's Writers** Thomas Engelbert, Chi P. Pham, 2023-07-04 This edited

book examines how South Vietnam's formerly the Republic of Vietnam 1955-1975 literary and journalistic writers were perceived and potentially influenced by Western thought led by thinkers such as Jean-Paul Sartre Franz Kafka Sigmund Freud Thomas Mann Martin Heidegger Hermann Hesse Edmund Husserl Stefan Zweig Graham Greene and Somerset Maugham The book reveals the dynamism and diversity of Western thought in individual literary texts as well as among the authors themselves The volume considers how writers and their texts engaged with issues that are socially culturally politically and philosophically significant to Vietnam and beyond past and present This approach to South Vietnam's literary and journalistic tradition enables an alternative plural inclusive view of the significance of these texts which are shown to be neither exclusively anti-Communist nor bourgeois individualist c n h n t i u t s n as they have so often been interpreted both in and outside of Vietnam Such an interpretation problematically retains the marginal position of South Vietnam's literature in mainstream Vietnamese literature and in the literatures of the host countries where these Vietnamese authors have migrated

settled and continued to write following the Fall of Saigon This volume presents itself as a key text for those studying Asian and postcolonial literatures as well as scholars in the humanities researching Vietnam its history politics society and culture

Vietnamese Traditional Medicine C. Michele Thompson, 2015-06-30 While reshaping our understanding of the history and development of traditional Vietnamese medicine in the 19th and 20th centuries Michele Thompson's new book reaches across disciplines to open important perspectives in Vietnamese colonial and social history as well as our understanding of the Vietnamese language and writing systems Traditional Vietnamese medicine is generally understood as an import from the Chinese tradition Thompson's detailed historical and linguistic research restores agency and voice to practitioners of Vietnamese medicine showing how the adoption of Chinese and then Western ideas of medicine in the 19th and 20th centuries relied on indigenous Vietnamese concepts of health and the human body She mines medical manuscripts in Chinese and in Nom vernacular Vietnamese to capture various aspects of the historical interaction between Chinese and Vietnamese thought She presents a detailed analysis of the Vietnamese response to a Chinese medical technique for preventing smallpox and to the medical concepts associated with it looking at Vietnamese healers from a variety of social classes Thompson's account brings together colorful historical vignettes contemporary observations and interviews and textual analysis It stands out as a demonstration of the power of the history of medicine to illuminate adjacent fields of enquiry It will be of interest to historians of medicine globally and in East Asia as well as to students of Vietnam and its complex process of modernization

The Penguin History of Modern Vietnam Christopher Goscha, 2016-06-30 WINNER OF THE AMERICAN HISTORICAL ASSOCIATION'S JOHN K FAIRBANK PRIZE SHORTLISTED FOR THE CUNDHILL HISTORY PRIZE 2017 This is the finest single volume history of Vietnam in English It challenges myths and raises questions about the socialist republic's political future Guardian Powerful and compelling Vietnam will be of growing importance in the twenty first century world particularly as China and the US rethink their roles in Asia Christopher Goscha's book is a brilliant account of that country's history Rana Mitter A vigorous eye opening account of a country of great importance to the world past and future Kirkus Reviews Over the centuries the Vietnamese have been both colonizers themselves and the victims of colonization by others Their country expanded shrunk split and sometimes disappeared often under circumstances far beyond their control Despite these often overwhelming pressures Vietnam has survived as one of Asia's most striking and complex cultures As more and more visitors come to this extraordinary country there has been for some years a need for a major history a book which allows the outsider to understand the many layers left by earlier emperors rebels priests and colonizers Christopher Goscha's new work amply fills this role Drawing on a lifetime of thinking about Indo China he has created a narrative which is consistently seen from inside Vietnam but never loses sight of the connections to the outside As wave after wave of invaders whether Chinese French Japanese or American have been ultimately expelled we see the terrible cost to the Vietnamese themselves Vietnam's role in one of the Cold War's longest conflicts has meant that its past has been endlessly abused for

propaganda purposes and it is perhaps only now that the events which created the modern state can be seen from a truly historical perspective Christopher Goscha draws on the latest research and discoveries in Vietnamese French and English His book is a major achievement describing both the grand narrative of Vietnam s story but also the byways curiosities differences cultures and peoples that have done so much over the centuries to define the many versions of Vietnam

Toward a Framework for Vietnamese American Studies Linda Ho Peché,Alex-Thai Dinh Vo,Tuong Vu,2023-02-10 This collection is the first work of its kind to synthesize the current state of Vietnamese American studies Offering cutting edge analysis from social sciences and humanities perspectives this volume serves as a foundational resource and a site for interrogating underexplored facets of the field *Toward the Reconciliation of Europe: New Approaches for the U.S., the UN, and NATO* UNA-USA National Policy Panel Toward the Reconciliation of Europe,United Nations Association of the United States of America,1969 New Approach Sekhar Basu Roy,1996 Special volume brought out honoring Jyoti Basu b 1914 chief minister of West Bengal *The New Approach* ,1968 Global Movements, Local Concerns Laurence Monnais-Rousselot,Harold John Cook,2012 The contributors to this volume show how the practices of health in Southeast Asia over the past two centuries were mediated by local medical traditions colonial interests range of health agents and intermediaries *Asian Studies Newsletter* ,2004 **Colony and Empire** William G.
