THIS IS NOT A GAME is a novel built around the coolest phenomenon in the world. That phenomenon is known as the Alternate Reality Game or ARG. It's big and it's getting bigger. It's immersive and massively interactive and it's spreading through the Internet at the speed of light. To the player, the Alternate Reality Game has no boundaries. You can be standing in a parking lot or a shopping center. A pay phone near you will ring and on the other end will be someone demanding information. You'd better have the information handy. ARGs combine video, text, adventure, radio, plays, audio, animation, improvisational theater, graphics and story into an immersive experience. Now one of science fiction's most acclaimed writers, Walter Jon Williams brings this extraordinary phenomenon to life in a pulse-pounding thriller. This is not a game. This is a novel that will blow your mind. Angel Station Walter Jon Williams, 2015-04-29
