Welcome Speech for New Students

Introduction:

"Good morning, everyone. I am [your name], [your position, e.g., the Principal, a teacher, a senior student], and it is my pleasure to welcome all of you to [School/Institution's Name]. Today, we gather to extend a warm welcome to our new students who are joining our family."

Introduction to the School: "[School/Institution's Name] has a long-standing tradition of excellence in [mention any specific areas, e.g., academics, sports, arts]. Our mission is to provide a nurturing environment where you can grow, learn, and achieve your full potential."

Building Relationships: "One of the most important aspects of your school experience will be the relationships you build. Take the time to get to know your peers, participate in group activities, and form friendships that will last a lifetime. Our school values community and collaboration, and we look forward to seeing how each of you will contribute to our vibrant culture."

Conclusion:

Final Words of Encouragement: "To our new students, embrace this new chapter with an open mind and a positive attitude. Take risks, explore new interests, and strive to be the best version of yourselves."

Closing: "Thank you all for being here today. Let's make this year a memorable and successful one. Welcome!"

Welcome Back To School Speech To Parents:

The Constitutional Parent Jeffrey Shulman, 2014-07-01 In this bold and timely work law professor Jeffrey Shulman argues that the United States Constitution does not protect a fundamental right to parent Based on a rigorous reconsideration of the historical record Shulman challenges the notion held by academics and the general public alike that parental rights have a long standing legal pedigree What is deeply rooted in our legal tradition and social conscience Shulman demonstrates is the idea that the state entrusts parents with custody of the child and it does so only as long as parents meet their fiduciary duty to serve the developmental needs of the child Shulman s illuminating account of American legal history is of more than academic interest If once again we treat parenting as a delegated responsibility as a sacred trust not a sacred right we will not all reach the same legal prescriptions but we might be more willing to consider how time honored principles of family law can effectively accommodate the evolving interests of parent child and state **Supporting**
