We Now Know Rethinking Cold War History Council On Foreign Relations Book:

The Unquiet Frontier Jakub J. Grygiel, A. Wess Mitchell, 2017-08-15 How America's vulnerable frontier allies and American power are being targeted by rival nations From the Baltic to the South China Sea newly assertive authoritarian states sense an opportunity to resurrect old empires or build new ones at America's expense Hoping that U.S. decline is real nations such as Russia, Iran, and China are testing Washington's resolve by targeting vulnerable allies at the frontiers of American power The Unquiet Frontier explains why the United States needs a new grand strategy that uses strong frontier alliance networks to raise the costs of military aggression in the new century Jakub Grygiel and Wess Mitchell describe the aggressive methods rival nations are using to test U.S. power in strategically critical regions throughout the world They show how rising and revisionist powers are putting pressure on our frontier allies countries like Poland, Israel, and Taiwan to gauge our leaders' commitment to upholding the U.S.-led global order To cope with these dangerous dynamics nervous U.S. allies are diversifying their national security menu cards by beefing up their militaries or even aligning with their aggressors Grygiel and Mitchell reveal how numerous would-be great powers use an arsenal of asymmetric techniques to probe and sift American strength across several regions simultaneously and how rivals and allies alike are learning from America's management of increasingly interlinked global crises to hone effective strategies of their own The Unquiet Frontier demonstrates why the United States must strengthen the international order that has provided greater benefits to the world than any in history

Great Power Security Cooperation David W. Kearn, 2014-12-18 This book explains the conditions under which great powers are likely to cooperate to improve their security by engaging in qualitative arms control In agreeing to limit or proscribe certain classes of weapons states will constrain their military capabilities and therefore decrease the threat they pose to potential adversaries Focusing on the expected military impact of technological change and the capacity of states to confidently monitor the activities of its negotiating partners it may be possible to forge lasting agreements that improve the security of the participating states However at other times the nature technological change may force states to engage in competitive behavior precluding cooperation and increasing the probability of conflict Examining a diverse set of cases including the Washington Naval Conference The World Disarmament Conference at Geneva the Baruch Plan for the International Control of Atomic Energy and the SALT I Accords including the ABM Treaty this volume presents a persuasive comprehensive and interesting contribution to the literature on arms racing and arms control and should be of interest to students of international relations theory and security studies By presenting a theoretical informed model that explicitly links the security strategies of states to their choices about development and deployment of new weapons and consequently their willingness to engage in arms control cooperation this book provides an important refinement upon existing theoretical and historical approaches

American Book Publishing Record, 2003

Presidential Command Peter W. Rodman, 2010-01-12 An official in the Nixon Ford Reagan and both Bush administrations Peter W

Rodman draws on his firsthand knowledge of the Oval Office to explore the foreign policy leadership of every president from Nixon to George W Bush This riveting and informative book about the inner workings of our government is rich with anecdotes and fly on the wall portraits of presidents and their closest advisors It is essential reading for historians political junkies and for anyone in charge of managing a large organization Re-Viewing the Cold War Patrick M. Morgan, Keith Nelson, 2000-02-28 A cooperative effort by a number of historians and political scientists this essay collection focuses on the important connection between domestic affairs and foreign relations during the Cold War The case studies treat phases of both the Soviet and American experiences and involve contributions by two Russian scholars three Americans a German a Swede and an Israeli This collection is particularly timely and significant because of the surprising way the Cold War ended making clear that domestic developments can overthrow even the most potent foreign policies and undermine longstanding assumptions about the primacy of international factors A provocative essay collection this will be of interest to diplomatic historians and Soviet Affairs specialists scholars and students Nuclear Modernization in the 21st Century Aiden Warren, Philip M. Baxter, 2020-02-17 This collection examines the extent to which nuclear weapons modernization has become a significant point of concern and consideration in international security Recent statements and substantial investments by nuclear weapon possessor states in the upkeep and modernization of their nuclear postures particularly the United States Russia and China illustrate a return of primacy and the salience of nuclear forces in international politics The upgrading of systems the introduction of new capabilities the intermingling of new technologies and the advancement of new strategic models are all indicative of their elevation in importance and reliance With contributions from leading thinkers in the nuclear weapons domain this book elucidates the global strategic and policy implications such modernization efforts by the above mentioned states will have on international security In unpacking and conceptualizing this developing source of potential in security and tension the collection not only provides a technical context but also frames the likely effects modernization could have on the relations between these nuclear weapon powers and the larger impact upon efforts to curb nuclear weapons both in terms of horizontal and vertical proliferation The chapters have been arranged so as to inform a variety of stakeholders from academics to policy makers by connecting analytical and normative insights and thereby advancing debates pertaining to where nuclear modernization sits as a point of global security consternation in the 21st century **Current Biography Yearbook** , 2003 The aim of Current Biography Yearbook is to provide reference librarians students and researchers with objective accurate and well documented biographical articles about living leaders in all fields of human accomplishment Whenever feasible obituary notices appear for persons whose biographies have been published in Current Biography Publisher **Not Seeing Red** Stephen Karetzky, 2002 In Not Seeing Red Stephen Karetzky examines American librarianship s attitude towards the Soviet Union from the Russian Revolution through the Cold War While focusing on the years 1917 through 1960 the work includes an overview of the subsequent period ending with Gorbachev s rise to

power Karetzky's study concentrates on leaders of the library profession in the United States but also deals with American educationists as well as librarians in Britain and other countries Reader's Guide to the Social Sciences Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense Monthly Bibliography United Nations Library (Geneva, Switzerland), 1997 World Affairs , 1999 Includes the Annual report of the American Peace Society *The Arctic Großraum* Christopher R Rossi, 2025-09-04 How should the Arctic be viewed in the 21st century In this book a leading commentator assesses the competing players for the Arctic looking at broad questions of governance and security The author challenges the view that the Arctic is a passive space which is the focus of competitive advances from superpowers arguing that it is more correctly understood as a dynamic pluriverse Drawing on international law international relations and diplomacy this is an important re assessment of the Arctic and its position in geo politics Strategic Transformation and Naval Power in the 21st Century Pelham G. Boyer, Robert S. Wood, 1998 Examines U S security strategy and the appropriate response by our naval services Papers global trends and Amer strategic traditions Russia in strategic perspective beyond Korea Pacific peace Pacific contention the U S in the face of the Islamic revival a strategic checklist for the Post Cold War world leveraging strategic assets to enhance international security the strategy of selective engagement U S grand strategy mission impossible strategic concepts for the future naval diplomacy in the 21st century grand strategy and naval force structure classic roles and future challenges and naval power in national strategy in the 2nd Amer century *From Total War to Total Diplomacy* Daniel Lykins, 2003-10-30 Domestic economic and ideological concerns during the Cold War drove many national leaders to promote U S international activism This study presents the domestic sources and goals underlying the creation of America's Cold War policies and the selling of those policies to the public Its examination of the Advertising Council illustrates how those activist international foreign policies reflected the domestic agenda of the Council's private supporters By cooperating with the Ad Council the American business community enlisted in the domestic propaganda programs of the wartime and early postwar years in an attempt to defeat the continued threats they perceived from the New Deal This emerges as a central goal and consequence of advertising's promotion of President Truman's Cold War policies The Advertising Council's representation of the moderate businessmen of the early postwar years casts a sharp light on the continuing accommodations made with the expansion of governmental power after the war and the shifting cooperation between the moderate and conservative wings of business to reshape that federal power The Council's private propaganda programs presented in commercial and public service advertising related most American problems such as race relations labor relations conservation and even safe driving among others to an asserted total foreign threat That propaganda hoped to

convince Americans that their security prosperity and freedom all required shaping the world in a way that protected the nation's free enterprise political economy presented as the source of all American freedoms **Twentieth Century**
