The American Adrenaline Narrative Kristin J. Jacobson, 2020-06-01 The American Adrenaline Narrative considers the nature of perilous

outdoor adventure tales their gendered biases and how they simultaneously promote and hinder ecological sustainability To explore these themes Kristin J Jacobson defines and compares adrenaline narratives by a range of American authors published after the first Earth Day in 1970 a time frame selected as a watershed moment for the contemporary American environmental movement The forty plus years since that day also mark the rise in the popularity and marketing of many things as extreme including sports jobs travel beverages gum makeovers laundry detergent and even the environmental movement itself Jacobson maps the American eco imagination via adrenaline narratives grounding them in the traditional literary practice of close reading analysis and in ecofeminism She surveys a range of popular and lesser known primary texts by American authors including best selling books such as Jon Krakauer's *Into Thin Air* and Aron Ralston's *Between a Rock and a Hard Place* and lesser known texts such as Patricia C McCairen's *Canyon Solitude* Eddy L Harris's *Mississippi Solo* and Stacy Allison's *Beyond the Limits* She also discusses such narratives as they appear in print and online articles and magazines feature length and short films television shows amateur videos social networking site posts fiction advertising and blogs Jacobson contends that these stories constitute a distinctive genre because unlike traditional nature travel and sports writing adrenaline narratives sustain heightened risk or the element of the extreme within a natural setting Additionally these narratives provide important insight into the American environmental imagination's connection to masculinity and adventure knowledge that helps us grasp the current climate crisis and how narrative understanding provides a needed intervention

Maurice Isserman, Stewart Angus Weaver, Dee Molenaar, 2010-01-01 In the first comprehensive history of Himalayan mountaineering in 50 years the authors offer detailed original accounts of the most significant climbs since the 1890s and they compellingly evoke the social and cultural worlds that gave rise to those expeditions **The World Beneath Their Feet** Scott Ellsworth, 2020-02-18 Winner of the 2020 National Outdoor Book Award for Best History Biography A saga of survival technological innovation and breathtaking human physical achievement all set against the backdrop of a world headed toward war that became one of the most compelling international dramas of the 20th century As tension steadily rose between European powers in the 1930s a different kind of battle was already raging across the Himalayas Teams of mountaineers from Great Britain Nazi Germany and the United States were all competing to be the first to climb the world s highest peaks including Mount Everest and K2 Unlike climbers today they had few photographs or maps no properly working oxygen systems and they wore leather boots and cotton parkas Amazingly and against all odds they soon went farther and higher than anyone could have imagined And as they did their story caught the world s attention The climbers were mobbed at train stations and were featured in movies and plays James Hilton created the mythical land of Shangri La in Lost Horizon while an English eccentric named Maurice Wilson set out for Tibet in order to climb Mount Everest alone And in the darkened corridors of the Third Reich officials soon discovered the propaganda value of planting a Nazi flag on top of the world s highest mountains Set in London New York Germany and in India China and Tibet The World Beneath Their Feet is a story not only of climbing and mountain climbers but also of passion and ambition courage and folly tradition and innovation tragedy and triumph Scott Ellsworth tells a rollicking real life adventure story that moves seamlessly from the streets of Manhattan to the footlights of the West End deadly avalanches on Nanga Parbat rioting in the Kashmir and the wild mountain dreams of a New Zealand beekeeper named Edmund Hillary and a young Sherpa runaway called Tenzing Norgay Climbing the Himalayas was the Greatest Generation s moonshot one that was clouded by the onset of war and then incredibly fully accomplished A gritty fascinating history that promises to enrapture fans of Hampton Sides Erik Larson Jon Krakauer and Laura Hillenbrand The World Beneath Their Feet brings this forgotten story back to life Other Everests Paul Gilchrist, Peter Hansen, Jonathan Westaway, 2024-11-26 A hundred years after the tragic 1924 British Everest expedition

this collection explores the wider social and cultural history of the mountain Mount Everest looms large in the popular imagination Since the deaths of mountaineers George Mallory and Andrew Irvine in 1924 histories of the mountain have overwhelmingly focused on the mythologies of western male adventure and conquest But there are many more stories waiting to be told Other Everests brings together new voices and perspectives on the historical and cultural significance of Everest in the modern world The book shines a light on the overlooked role of local people and high altitude workers while also revealing the significant contributions women have made to climbing the mountain and writing its history It explores the depiction of Everest in a range of media and investigates how the forces of nationalism and commercialism have shaped many different Everests After years of exploitation Indigenous people are now reclaiming Mount Everest in the twenty first century Other Everests re examines the past and present of the world s highest peak presenting an exciting vision of what Everest might become in the future

Himalayan Research Bulletin ,2002 **The Quest** ,2001 *Sherpa Hospitality as a Cure for Frostbite* Mark Horrell, 2021-12-01 The heroic story of how Sherpas stood up and took control of their destiny Ever since Europeans started exploring the world s highest mountains and trying to reach their summits in the early 20th century Sherpas have been an integral part of mountaineering expeditions to the Himalayas In this anthology curated from his popular Footsteps on the Mountain blog Mark Horrell explores the evolution of Sherpa mountaineers from the porters of early expeditions to the superstar climbers of the present day Writing with trademark warmth and humour he starts by bringing to life the Sherpa characters of the early days describing their customs and superstitions and putting their contributions and achievements into context In the deeply personal second section of the book he covers some of the conflicts of the 21st century when a series of high profile controversies highlighted the tensions between Sherpas and western

climbers on Everest He was a witness to a devastating avalanche in the Khumbu Icefall that killed 16 Nepali mountain workers and led to a labour dispute and he describes the events that followed from a commercial client's perspective In the final section of the book he brings the story up to date and looks to the future as Sherpas have moved out of the limelight of westerners running successful mountaineering expedition companies and becoming celebrated climbers in their own right It is uncommon to come across stories that look beneath the surface to investigate deeper issues while remaining accessible and humorous Sherpa Hospitality achieves this Alex Roddie *Public Library Core Collection* John Greenfieldt, Patrice Bartell, 2008 Wilson's Public Library Core Collection Nonfiction 13th Edition 2008 recommends reference and nonfiction books for the general adult audience It is a guide to over 9 000 books over 6 500 titles are new to this edition plus review sources and other professional aids for librarians and media specialists Acquisitions librarians reference librarians and cataloguers can all use this reliable guide to building and maintaining a well rounded collection of the most highly recommended reference and nonfiction books for adults All titles are selected by librarians editors advisors and nominators all of them experts in public library services The collection is a valuable tool for collection development and maintenance reader's advisory weeding your collection and curriculum support Richly enhanced records provide a wealth of useful information All entries include complete bibliographic data as well as price subject headings annotations grade level Dewey classification cover art and quotations from reviews Many entries also list awards best book lists and starred reviews Save Time Efficiently organised and includes Starred titles Save Money Allocate your resources to the best materials available Stay Relevant Discover the best in important contemporary categories Complete Coverage Includes recommendations on periodicals and electronic resources too Four Year Subscription This Core Collection was originally sold as a four year subscription The core edition published in 2008 delivers a library bound volume with an extensive selective list of recommended books From 2009 to 2011 Wilson published extensive paperback supplements to the 2008 edition A new cycle of materials will begin in 2012 However the 2008 to 2011 materials are currently available Buyers of them will receive all these materials immediately All four years are only 420 Uniquely Valuable There is nothing quite like Wilson Core Collections The accumulated expertise of our selectors and the unquestioned reputation of these collections is invaluable Wilson Core Collections are universally recognised as impartial and expert aids to collection development that assist and reinforce the judgement of librarians everywhere Selection to a Wilson Core Collection is strong support to any challenged purchase Contemporary Relevance This Core Collection includes broad updates in the areas of crafts terrorism and international security environment and global warming diseases and medicine and religion plus other contemporary topics that keep the library's collection as current as today's headlines Other Key Features Classified Catalogue A list arranged by Dewey Decimal Classification with complete cataloguing information for each book Author Title Subject and Analytical Index An in depth key to the information in Classified Catalogue including author and title analytics for works contained in anthologies
