IGWE,2019-07-30 Out of nowhere the storms of life hit us without warning The loss of a loved one a broken relationship loss of a job and properties A terrible accident illness or the failure of a business This is tough challenges that people all over the world are being confronted with daily in their respective life We don t have the power to choose what happens to us neither can we as humans choose the nature and severity of the problems and challenges that confronts us every day But one thing we sure can do and has the power to control is the way we respond to these challenges and how we fight through it Life is like an ocean and every one of us are born sailors sailing through this ocean Everybody shall one day encounter a storm be it the wealthy the educated the poor the uneducated the single or married the sick or healthy The storms of life is not a respecter of race religion or country of birth but rather a respecter of courage boldness persistent firmness of purpose and positive attitude Walking tall in tough times is a book that will certainly arm and spur you to take tough decisions and actions

necessary to bring about a change in your life It will also help you change your negative perceptions and response to the challenges you are going through and put you on a part to true success The principles and practical steps that are outlined in this book is not based on head knowledge but rather are founded on experiential knowledge and scriptural examples that will certainly leave transformed This book will undoubtedly stir you to leave your comfort zone to your rightful place of influence and power It will forge you to become uncomfortable with mediocrity and average existence Buckle up as I take you through this journey of self freedom and reawakening Happy read

Building Your Life on the Principles of God: the Solid Foundation Anthony Bright Atwam, 2014-12-18 Lord please continue to have mercy on humanity You have made provisions for everything we need in this world and the world to come Yet many people although desire good life are suffering some are confused others are desperate families are broken down our nation is struggling to cope many people are lost in spiritual matters and sin In this book the authors main argument is that God in his unfailing love for humanity has already provided what people are frantically seeking in life What people need to do is to turn to the Holy Scriptures for guidance This book can be of such help You see when life is calm our foundations dont seem to matter But when crisis come our foundations are tested In this book the author also argues that it is a waste of time and effort for people to build their lives on a faulty foundation Jesus describes Gods principles as a solid foundation for people to build their lives on We are strangers in this world therefore we need someone who knows the journey of life to guide us God is the creator of this world and He alone knows the in and out of this world His principles provide guidance for a perfect life The attempts by some groups of people to suppress the knowledge of God in the society have not been very helpful in many ways although they could not succeed For example these people could not provide the society with any viable alternative guiding principles on how people should live their lives This has led many people to turn to wrong sources for guidance sometimes with very little success or no success at all leading to a life of despair hopelessness and failure Because of this suppression of Gods word there seems to be famine in our society famine of truth famine of the word of God There is also darkness in our society many people are confused and some do not know what to do with their lives But the word of God is

light it gives understanding it gives hope it provides guidance on spiritual matters the salvation of the human soul and solutions to all our problems Sometimes life is easier and beautiful if you know what to do in any situation you find yourself Many people desire a good family life peace joy hope self discipline strength encouragement a connection with a higher being that transcends human existence and meaning to life in their spiritual quest As you read this book know that I am praying for you for all these blessings in Jesus name amen Anthony Bright Atwam According to scripture the church is the salt and the light of this world But the church seems to have locked the resources God has given her to be given to the world in the room and has put the keys in her pocket while the world is suffering One of the things the church needs to do is to start to unpack and release the resources God has given her to meet the needs of postmodern spiritual quest Anthony Bright Atwam

The Pendulum Rickie Rush,2014-11-18 You Haven't Missed It You're Right on Time Many of God's people feel guilty for going through difficult seasons We think depression is spiritual weakness In challenging circumstances we ask God where are You We consider the state of our lives and become discouraged assuming we are not where God wants us to be But what if we are What if the very circumstances that threaten to destroy us are the very things that launch us into our God ordained moments of destiny In The Pendulum Pastor Rickie Rush shows you that there is a time for everything under heaven Learn how Your seasons of difficulty can push you closer towards fulfilling your purpose God never wastes the struggles that you go through To embrace and flow with the natural seasons of life God's supernatural ability causes you to come out victorious on the other side God wants to use your story and transform you into someone who can help others flourish in every season of life

When Suffering Is Redemptive Larry J. Waters,2018-11-30 When Suffering Is Redemptive offers hope when life is difficult The eight stories of this book do not seek to explain the why of suffering but rather present ways that God transforms and redeems suffering particularly how suffering leads to ministry opportunities Though the stories are personal and sometimes difficult to tell the authors are transparent with their struggles and honest in their questions Yet they have not lost sight of Christ and his purpose for their lives This book will challenge readers to develop a richer sense of God's sustaining grace in the midst of suffering and disability hopefully resulting in the compassionate involvement of church ministries with those who are in the trenches of their own personal pain or struggles Along with the personal stories this book includes discussion questions and suggested resources at the end of each chapter
