Michael Hall, Dieter Müller, 2018-04-17 Second homes have become an increasingly important component of both tourism and housing studies They can directly and indirectly contribute a significant number of domestic and international visitors to destinations and may be part of longer term retirement lifestyle and amenity migration that can have significant economic and social effects on communities and destination development This volume offers an overview of different disciplinary and methodological approaches to second homes while simultaneously providing a broad geographical reach Divided into four parts exploring governance development community and mobile second homes the book provides a contemporary account of the major issues in an area of growing international interest This timely handbook covers a wide range of dimensions from planning to the role of second homes in development and the management of their impact The international and cross disciplinary nature of the contributions will be of interest to numerous academic fields in the social sciences as well as urban and regional planners *The Routledge Handbook of Tourism Impacts* Dogan Gursoy, Robin Nunkoo, 2019-04-29 This handbook explores and critically examines both positive and negative impacts of tourism development focusing on the past present and future issues challenges and trends from a multidisciplinary global perspective Through a comparative approach involving international case studies this book explores our understanding of tourism impacts and contributes to the theoretical development on relationships between tourism impacts and community support for tourism development This

handbook focuses on a variety of geographical locations drawing from the knowledge and expertise of highly regarded academics from around the world. Specifically it explores the adoption and implementation of various tourism development and impact management approaches in a wide range of global contexts while identifying their trends, issues and challenges. It addresses strategies relating to innovation, sustainability and social responsibility and critically reviews the economic, sociocultural, environmental, political and technological impacts of tourism. The text also identifies future trends and issues as well as exploring the methods used to study tourism impacts. Conveying the latest thinking and research, this handbook will be a key reference for students, researchers and academics of tourism as well as development studies, geography, cultural studies, sustainability and business, encouraging dialogue across disciplinary boundaries and areas of study.

A Research Agenda for Tourism and Development Richard Sharpley, David Harrison, 2019. Tourism is integral to local, regional and national development policies as a major global economic sector, it has the potential to underpin economic growth and wider development. Yet transformations in both the nature of tourism and the dynamic environment within which it occurs give rise to new questions with regards to its developmental role. This Research Agenda offers a state of the art review of the research into the tourism development nexus. Exploring issues including governance, policy, philanthropy, poverty reduction and tourism consumption, it identifies significant gaps in the literature and proposes new and sometimes provocative avenues for future research.

Tourism, 2nd Edition Peter Robinson, Michael Lück, Stephen Smith, 2020-05-22. Fully revised, *Tourism* 2nd edition covers aspects of tourism from a modern perspective, providing students with a range of theoretical and research-based explanations supported by examples, case studies and unique insights from industry representatives. Covering topics such as policy and planning, heritage management, leisure management, event management and hospitality management, the book tackles the practical elements of academic tourism such as infrastructure management and economic development together with other important contemporary issues such as sustainable development and post-tourists.

Tourism in Development Peter U.C. Dieke, Brian E.M. King, Richard A.J. Sharpley, 2020-11-20. Over the last fifty years, tourism has become firmly established as a development option around the world. Commensurate with this, the study of tourism's developmental role has also expanded significantly. There now exists a broad understanding of the policies and processes, opportunities and challenges that apply to tourism's potential contributions to development. As the tourism environment now faces numerous challenges and transformations, it is timely to reflect on contemporary understandings of the relationship between tourism and development and to consider future directions. This thought-provoking volume challenges the orthodoxy of tourism and development, highlights past and current events and considers longer-term repercussions and developments. It will be a relevant and enduring resource for academics and undergraduate and postgraduate students in tourism.

Tourism, Mobility, and Second Homes Colin Michael Hall, Dieter K. Müller, 2004-01-01. Annotation: Second homes are an integral component of tourism in rural and peripheral areas. This volume represents the first major international review of second
