Information and Communication Technologies for Sustainable Tourism Alisha Ali, Andrew Frew, 2013-05-07 Sustainable development is a highly topical issue and is of critical importance to tourism as the environment is of utmost importance for the continued development and prosperity of the industry There have been numerous texts written on sustainable tourism and the measures to mitigate and manage this but none which acknowledges Information and Communication Technologies ICT as a mechanism of doing so despite being an emerging area of research ICT in this context refers to innovative tools which form an integrated system of software and networked equipment that facilitates data processing information sharing communication and the ability to search and select from an existing range of products and services for an organisation s benefits Despite the symbiotic relationship which exists between ICT and sustainable tourism there has been little research which has considered how the use of such technology can be used to make sustainable tourism development a more workable reality This opportune book is the first to provide a focus on the interrelationship of these two important topics demonstrating their synergies and providing insight into a new and innovative approach to managing sustainable tourism development It considers the use of technology to reduce the negative impacts of tourism from both the demand and supply side perspectives A critical review of a range of cutting edge technologies used by tourists and businesses to assess their usefulness in managing sustainable tourism development from the macro to the micro level is also discussed It further integrates examples and practical applications to show how ICT can be an invaluable mechanism in the management of sustainable tourism development This cutting edge volume provides a wealth of information on an important yet neglected subject This book will be invaluable reading for students researchers academics and members of the tourism industry looking for new and innovate ways of fostering a more sustainable tourism industry

Education for Sustainability in Tourism Gianna Moscardo, Pierre Benckendorff, 2015-10-21 Sustainability is a dominant theme in tourism practice Increasingly research and education of tourism stakeholders is also necessary in improving sustainable tourism practice This book pays systematic attention to education for sustainability in tourism and is thus a valuable resource for sustainable tourism educators and scholars The book is divided into four parts Part I provides a reference for educators seeking to understand core knowledge areas ethics corporate social responsibility and governance

Part II examines issues and processes relevant to understanding tourism and sustainability in the formal educational sector including universities vocational training and school settings Part III explores learning and sustainable tourism in non institutional settings including destination communities coaching and mentoring and visitor learning The final part provides a collection of cases to illustrate the use of different pedagogies and assessment approaches in education for sustainability in tourism The book will be accompanied by instructor resources to assist educators teaching in the field

The Routledge Handbook of Tourism and Sustainability C. Michael Hall, Stefan Gossling, Daniel Scott, 2015-02-11 Routledge Handbook of Tourism and Sustainability from C Michael Hall Stefan Gossling Daniel Scott is one of the winners of the ITB Book Awards 2016 in the category Specialist tourism literature Sustainability remains one of the major issues in tourism today Concerns over climate and environmental change the fallout from the global economic and financial crisis and the seeming failure to meeting UN Millennium development goals have only reinforced the need for more sustainable approaches to tourism however they be defined Given the centrality of sustainability in tourism curricula policies research and practice it is therefore appropriate to prepare a state of the art handbook on the relationship between tourism and sustainability This timely Handbook of Tourism and Sustainability is developed from specifically commissioned original contributions from recognised authors in the field providing a systematic guide to the current state of knowledge on this area It is interdisciplinary in coverage and international in scope through its authorship and content The volume commences with an assessment of tourism's global environmental e.g. climate emissions energy use biodiversity water use land use and socio economic effects e.g. economic impacts employment and livelihoods culture This then provides the context for sections outlining the main theoretical frameworks and constructs that inform tourism and sustainability management tools and approaches and the approaches used in different tourism and travel industry sectors The book concludes by examining emerging and future concerns in tourism and sustainability such as peak oil post carbon tourism green economy and transition tourism This is essential reading for students researchers and academics interested in the possibilities of sustainable forms of tourism and tourism's contribution to sustainable development Its assessment of tourism's global impact along with its overviews of sectoral and management approaches will provide a benchmark by which the sustainability of tourism will be measured for years to come

in Uganda and many more Specifically written for courses in the specific topic area of sustainable tourism this textbook considers the needs of both students and lecturers as follows Ideal for a semester course or a 42 hour course Global perspective throughout the chapters and in the breadth of illustrative boxed case studies Chapters exceptionally well integrated through frequent cross references End of chapter questions that prompt deeper integrative thinking on the part of the reader Online resources for the lecturer including PowerPoint presentations and multiple choice exercises

The Practice of Sustainable Tourism Michael Hughes,David Weaver,Christof Pforr,2015-06-19 Sustainable tourism is a widely used term that has accumulated considerable attention from researchers and policy makers over the past two decades However there is still an apparently wide gap between theory and practice in the area Recent scholarly research has tended to focus on niche areas of alternative tourism rather than address the broader issues and vagaries and paradoxes that appear to plague the broader notion of sustainable tourism As such there is a need for a new and pragmatic analysis of sustainable tourism as an overarching idea and how this manifests in practice The Practice of Sustainable Tourism fulfils this need by offering a fresh perspective on sustainable tourism as an umbrella concept with inherent tensions It presents a way of thinking about tourism based on the notion of finding common ground using the dialectic tradition of philosophy Dialectics focusses on resolving opposing viewpoints by recognising they have common elements that can be combined into a rational and practical solution over time As part of this approach the book examines the strongly apparent tensions within alternative tourism as well as the paradox of continuing growth and other mass tourism related issues It is divided into three parts Part I includes chapters discussing the general concept of sustainable tourism its history current status and possible futures Part II includes a range of destination case studies exploring how sustainable tourism has been applied and Part III includes perspectives from the tourism operator view Given the international content and challenging themes the book will be appealing internationally to students researchers and academics in the fields of tourism geography sustainability and social science

Sustainable Tourism in the Global South Mohamed Aslam,Mohammed Aslam,Nor'ain Othman,2016-04-26 A burning global issue the achievement of sustainable tourism can never ignore the global south or developing regions of the planet where tourism is rapidly growing The readership of this book will be taken through a fascinating and comprehensive collection of writings on sustainable tourism which brings together a compilation of profound conceptual and empirical research findings from diverse socio economic and environmental settings in the developing South The contributions of expert and new researchers review and interpret ideals and multiple realities concerning the concept of sustainability in the tourism development process The categorization of the book into three parts community environment and management experience encompasses the different flavours of sustainability in tourism catering to the tastes of readers with different perspectives Detailed accounts of the community component of sustainable tourism bring forth fascinating insights relating to its many facets such as community capacity and participation community empowerment community integration and

community perceptions of tourism The comprehensive nature of the book and its diversity provides a holistic picture of sustainable tourism in the global South today *Handbook of Research on the Role of Tourism in Achieving Sustainable Development Goals* Brandão, Filipa, Breda, Zélia, Costa, Rui, Costa, Carlos, 2020-09-25 Tourism one of the world's leading industries has propelled countries into recovery from economic recession As a multi disciplinary multi sectoral holistic and systemic industry tourism also uniquely placed to address the concerns of the United Nations Sustainable Development Goals SDGs While the relationships between tourism sustainability and sustainable development are the subjects of deep study the direct positive effects of tourism on SDGs remain underdiscussed The Handbook of Research on the Role of Tourism in Achieving Sustainable Development Goals is a collection of innovative research that explores sustainable practices within the tourism industry While highlighting a broad range of topics including economic growth education and production patterns this book is ideally designed for engineers entrepreneurs policymakers executives advocates researchers academicians and students **Collaboration for Sustainable Tourism Development** Janne Liburd, Deborah Edwards, 2018-07-20 Explores the role of collaboration in tourism to sustain livelihoods create profitable partnerships and protect cultures and the environment Based on robust research it critically examines how collaboration enables or impedes sustainable tourism development and suggests a role for collaboration **The Need for Sustainable Tourism in an Era of Global Climate Change** Pardeep Singh, Shikha Daga, Kiran Yadav, Abhay Jain, 2024-12-02 This insightful work analyses how the tourism and hospitality industry may lower its carbon footprint and maintain its long term viability by implementing energy efficient and waste reduction technology The book will discuss how sustainable tourism may achieve its sustainable development objectives and contribute to a green global economy *A Research Agenda for Sustainable Tourism* Stephen F.
