Toward An Adult Church A Vision Of Faith Formation:

Toward an Adult Church Jane E. Regan, 2002 Penance Confirmation Eucharist Children participate in these sacraments and many other Catholic rites thanks to America's long standing model of parish catechesis. Once children become adults, however, what becomes of their faith formation? In *Toward an Adult Church: A Vision of Faith Formation*, Jane Regan explores the current structure of parish catechesis. Basing her ideas on contemporary theory and traditional practice, Regan sets forth an intriguing argument: the vitality of the Church depends on establishing a new education paradigm, one that is focused on adults. How can parishes design a framework for adult catechesis? Will such programs be accepted by local church communities? Where does children's faith formation fit into the new structure? Regan answers these questions and offers ideas for developing a balanced approach to religious education, one that addresses the ongoing faith life of adults. *Faith Formation 4.0* Julie Anne Lytle, 2013-02-01 Using an ecological approach to study how emerging technologies impact individual and communal formation, *Faith Formation 4.0* looks at how our efforts to be story keepers, story sharers, and story makers have evolved over four eras of human communication. Framed by the Great Commission imperative to make disciples, this book offers a road map to help leaders develop goals to form, inform, and transform new members as well as long-time believers within a faith community. The author successfully illustrates that church success depends not only on knowing the Christian message of God's enduring love but also how to use today's tools appropriately for evangelization and faith formation. *Deepening Faith* Janet Schaeffler, 2016-12-16 Since the ending of Vatican II, the church has officially published no fewer than eight major documents calling for adults to be the center of the church's educational mission. And the Catholic faithful are calling on the church to quench their thirst for a deepening of their lived faith. They realize that the catechesis they received as children simply isn't enough to continue in the faith as adults in the church and world they desire: a deepened faith. In *Deepening Faith*, Janet Schaeffler OP offers a practical guide and source of encouragement to parish and diocesan committees, catechists, and adult faith formation teams. She outlines the essential foundations, methods, and strategies that can support this journey for today's adults of all ages and generations. **Communicating Faith** John Sullivan, 2011 This book enriches appreciation of the many ways that Christian faith is communicated. It casts light on the sensitivities, skills, and qualities necessary for the effective communication of faith where justice is done both to the seed to be sown and to the soil being cultivated. Intergenerational Catechesis Timone A. Davis, 2021-03-12 In this work, the author moves away from youth-centered catechesis toward a catechetical method that gets at the heart of faith formation for ALL generations: storytelling. In the African American storytelling tradition, both the storyteller and listener are important; they embody the story. What happens in the story exchange process is the discovery of connections. The author's method of African American storytelling, *My Story Your Story*, brings to life the Christian story through our shared experiences. Intergenerational catechesis invites us to see ourselves and one another across time through eyes that are young, middle,

aged and elderly Based on an understanding of family intergenerational catechesis moves away from the domestic church as a starting point for growing in faith to the community as a starting point Where the domestic church focuses on those who live in the household intergenerational catechesis focuses on everyone in the Church community single persons divorced persons widows widowers teens young adults pre school and elementary children parents grandparents aunts and uncles In highlighting our connections we are better able to see ourselves and one another differently When we see ourselves and others transformed faith is revitalized

Reweaving the Ministries Gilbert Ostdiek,2021-05-30 As the Emmaus story unfolds it moves from catechesis to Eucharist to mission It is a promising paradigm for the process of reweaving the present array of parish ministries into an integrated pastoral practice Gilbert Ostdiek OFM invites those engaged in ministry and those preparing for it to think of their own ministry as part of a larger pastoral tapestry He also extends the Emmaus paradigm to pastoral leaders who have the responsibility to integrate and coordinate the practice of ministry at parish and diocesan levels Reweaving the Ministries invites all who are involved in ministry to become ever more fully in St Paul s description co workers with one another and co workers with God in the care of God s people [Generations of Faith Resource Manual](#) John Roberto,Mariette Martineau,2005-07 This invaluable resource offers planning processes and practical tools for fashioning and implementing a lifelong curriculum Includes a CD ROM with PowerPoint presentations for each chapter as well as worksheets and handouts

Developing Disciples of Christ Julianne Stanz,2017-10-01 St Pope John Paul II reminds us in Catechesi Tradendae that catechesis is a moment a very remarkable one in the whole process of evangelization In other words catechesis is an essential part of evangelization not something separate from it Therefore it is critically important that catechetical leaders recognize how to effectively catechize in a way that advances the Church s primary mission to evangelize To that end this third volume of The Effective Catechetical Leader will explore a Catholic understanding of evangelization grounded in Scripture and Tradition how the New Evangelization supports and enhances today s catechesis the inseparable nature of content and methodology in catechesis the absolute importance of adult catechesis and so much more The Effective Catechetical Leader series developed in conjunction with the National Conference for Catechetical Leadership and written by some of the top catechetical leaders in the country is the only series to encompass all the various aspects of catechetical leadership This series provides the practical skills strategies and approaches that ensure successful parish faith formation in an evangelizing manner which leads directly to a vibrant Church From best practices to new approaches for proclaiming God s word in a rapidly changing world this groundbreaking series will empower catechetical leaders to excel at everything from administrative duties to effectively catechizing people of all ages within our diverse Church

The Laity as Participants in the Mission of the Church Humphrey C. Anameje,2017-06-05 The church is made up of both the clergy and the laity And for it to properly fulfill the mission for which it was instituted by Christ all its members each according to his or her God given gift must contribute both to the upbuilding

of the church and to its mission On the part of the laity their active participation in the general mission of the church ad intra and ad extra has been a great challenge in the life and practice of the church throughout its history The Second Vatican Council in its spirit of aggiornamento makes some positive difference This work critically examines the conciliar documents some relevant postconciliar documents and theological reflection of some theologians And finally it proffers solutions that will enhance the active participation of the laity in the mission of the church in general and the church in Southeast Nigeria in particular

Becoming a Church of Lifelong Learners John Roberto, 2006 The key in the Generations approach to faith formation is that it builds on the strengths of a parish's current catechetical program while creating a lifelong faith formation plan and intergenerational learning programs that gather all the generations to learn together and nurture faith at home throughout the life cycle The CD ROM includes PowerPoint presentations for each chapter along with articles by religious education theorists who have been instrumental in developing a new paradigm of lifelong faith formation The book is ideal for parish pastoral and catechetical leaders as well as university courses in religious education and pastoral ministry

Jesus Christ, Learning Teacher Mark Chater, 2020-10-30 The Christian presence in education has never been more controversial While some secularists oppose any form of religious involvement in schools or universities some Christians also wonder why the churches are there Conflicting narratives surround the purpose of Christian involvement in education Yet at the heart of Christianity stands an educator whose passion and resurrection can be understood afresh as learning But what does it mean to say that Jesus was a teacher If he was a good teacher was he also a learner Is today's Christian church learning Can educators help the church to recover a learning Christ who places learning at the heart of the Godhead and the church How could the Christian churches take the educational significance of Jesus more seriously Christian teachers often find themselves divided between a professional discourse on learning and making progress and a theological vocabulary which they do not fully own connecting only sporadically with their professional identity This book helps educators to treat their teacher identity as a theological resource rather than an obstacle and in so doing to discover new insights on Christ which can be of relevance to the wider church and its mission

Church Paul Lakeland, 2009-11-01 Drawing on the wisdom and teaching experience of highly respected theologians the Engaging Theology series builds a firm foundation for graduate study and other ministry formation programs Each of the six volumes Scripture Jesus God Discipleship Anthropology and Church is concerned with retrieving carefully evaluating and constructively interpreting the Christian tradition Comprehensive in scope and accessibly written these volumes used together or independently will stimulate rich theological reflection and discussion More important the series will create and sustain the passion of the next generation of theologians and church leaders Paul Lakeland's recent award winning books on the place of the laity in the contemporary Roman

Catholic Church have prepared him well to take on this ecclesiology from below While paying close attention to the classical marks of the Church Lakeland's focus is on what we can learn about the nature of the Church as living communion by examining the values and practices of ordinary believers Following the advice of Bernard Lonergan Lakeland adopts a resolutely inductive approach to ecclesial reflection He explores ten questions that the Church must address both those that affect the internal workings of the faith community and those that have to do with its relationships to other groups religious and secular Finally he offers a constructive proposal for a contextual ecclesiology of the U S Catholic Church that utilizes the images of hospice pilgrim immigrant and pioneer

Where Two Or Three are Gathered Jane E. Regan, 2016 Enhancing the mature faith of adults is essential to the life of the parish and to the parish's capacity to fulfill its fundamental mission of being and becoming a more effective agent of evangelization Rather than adding more meetings and programs to an already busy schedule this book proposes that we draw on the times that adults already meet to enhance the faith formative values of those gatherings

SCM Studyguide: Theology in the Contemporary World Ben Pugh, 2017-11-30 No sooner have they mastered the basics than students of theology can quickly find themselves in over their heads They are bombarded with claim and counter claim as soon as they want to tackle anything topical The contentious subjects tend to be the historical Jesus gender and sexuality or the atonement Other subjects might be less contentious but attract an astonishing excess of literature Take the vast literature tackling the subject of the Church for instance or the bloated body of tomes on various aspects of Pneumatology This book tries to provide the bewildered and intimidated student with a primer that is at once introductory and incisive approachable and informative It will help those training for ministry to recover their fascination for the subject of theology and how it could apply to their future ministry Subjects covered include The Quests for the Historical Jesus Third Article Theology The Missional Church Liberation Theology Feminist LGBT and Queer Approaches Postmodern Faith and the Emerging Church Nonviolent Atonement

Our Hearts Were Burning Within Us United States Conference of Catholic Bishops, 2025-10-01 We all participate in the Church's mission of proclaiming the Good News of Jesus to the world In this statement the bishops present a pastoral plan to help Catholics advance in their role as disciples by awakening a renewal in the ministry of adult faith formation and helping all to grow to the full maturity of Christ In four parts the plan examines the challenges and opportunities faced today the key qualities of a mature faith the principles and approaches for providing sound adult faith formation and the critical roles of parish leadership and diocesan support

Online Small Groups as Sites of Teaching Simon Hallonsten, 2024-04-25 Centered around a reflective narrative recounting the experiences of a participatory action research project into leading online small groups for adults in the Church of Sweden Diocese of Stockholm during 2021 and

2022 the dissertation argues for the need to reconceptualize and reemphasize teaching as an important aspect in Christian religious education Employing creative non fiction methods the dissertation aims to broaden the scope of the initial Online Small Groups project by inviting readers to join into a learning journey The narrative account is complemented with more traditional forms of analysis that connect experiences from online small groups in the Church of Sweden to similar research from Anglo Saxon countries noting especially how notions of community diverge due to different ecclesiological understandings Insights are then synthesized into eight teaching strategies aimed at communicating actionable knowledge to small group leaders before noting how the study complements research on Christian religious education and particularly the current debate about learning and teaching in the Church of Sweden Tuning the Rig Fred Herron, 2012-07-10 To tune the rig describes adjusting a ship s rigging the rig of a well tuned boat allows the sails to function well This task must be performed to ensure the best performance by the ship Tuning the Rig takes that metaphor as a guide for Catholic educators and administrators as well as for the larger church It argues from a variety of perspectives rooted in the Catholic imagination that the rig constantly needs to be re tuned to balance between visions of the church as teacher and learner Why should this matter to Catholic educators To Herron our understanding of the church as learner is at the heart of our understanding of ourselves as disciples One of the logical consequences of this era of baptismal consciousness is a rising awareness on the part of the laity that their task is not simply to pay pray and obey but to grow and journey in faith Herron s focus ranges from issues closely pertaining to Catholic schools to the larger questions of the Catholic imagination The underlying thread however is the challenge of maintaining the richness of the Catholic imagination of tuning the rig in changing times and the ordinary life of the church *Excellence in Ministry* Tom Quinlan, 2017-11-01 Catechetical leadership is at its best when it builds on the shoulders of those who have gone before while at the same time creating innovative approaches for an ever changing ministry This fifth volume of *The Effective Catechetical Leader* will share both time tested and new skills and strategies that will allow catechetical leaders to not only be successful in the week to week particulars of running a parish catechetical program but also to fulfill the ultimate goal of animating a faith community to grow in authentic discipleship to Jesus Christ A few of the best practices covered in this book include planning the catechetical year selecting catechetical resources promoting the catechetical program to the parish community and beyond how to honestly evaluate your program and so much more *The Effective Catechetical Leader* series developed in conjunction with the National Conference for Catechetical Leadership and written by some of the top catechetical leaders in the country is the only series to encompass all the various aspects of catechetical leadership This series provides the practical skills strategies and approaches that ensure successful parish faith formation in an evangelizing manner which leads directly to a vibrant Church From best practices to new approaches for proclaiming God s word in a rapidly changing world this groundbreaking series will empower catechetical leaders to excel at everything from administrative duties to effectively catechizing people of all ages within our
