Soundings

of Things Done Peter E. Medine, Joseph Anthony Wittreich, 1997 The twelve essays gathered in this work are on the literature of the early modern period in honor of S K Heninger Jr professor emeritus of English at the University of North Carolina Chapel Hill The essays proceed on the assumption that works of imaginative literature possess a definable ontology

The Poetry of John Milton Gordon Teskey, 2015-06-15 For sublimity and philosophical grandeur Milton stands almost alone in world literature His peers are Homer Virgil Dante Wordsworth and Goethe Gordon Teskey shows how Milton's aesthetic joins beauty to truth and value to ethics and how he rediscovers the art of poetry as a way of thinking in the world as it is and for the world as it can be

Spokesperson Milton Charles W. Durham, Kristin Pruitt McColgan, 1994 Although the scholars represented in this collection apply different theoretical approaches to their examinations of Milton's poetry and prose they all challenge earlier critical assumptions and are evidence of the energizing dialogue that occurs when readers converse with each other and engage in dialogue with the many voices of a spokesperson such as John Milton

BOOK JACKET

Catholicism in the English Protestant Imagination Raymond D. Tumbleson, 1998-10-15 This study examines the role of anti Catholic rhetoric in late seventeenth and early eighteenth century England This role was long neglected being at once obvious and distasteful a reproach to the heirs of the Enlightenment who prided themselves on their tolerance and did not want to confront its origins in intolerance Raymond Tumbleson discusses how the fear of Popery a potentially destabilising force under the Stuarts ultimately became a principal guarantor of the Hanoverian oligarchy The range of authors discussed runs from Middleton Milton and Marvell to Swift Defoe and Fielding as well as numerous pamphleteers Crossing traditional generic disciplinary and chronological boundaries this book examines hitherto neglected relationships between poetry and prose literature and polemic the Reformation and the Augustan age

Johnson's Milton Christine Rees, 2010-05-06

Samuel Johnson is often represented as primarily antagonistic or antipathetic to Milton Yet his imaginative and intellectual engagement with Milton's life and writing extended across the entire span of his own varied writing career As essayist poet lexicographer critic and biographer above all as reader Johnson developed a controversial fascinating and productive literary relationship with his powerful predecessor To understand how Johnson creatively appropriates Milton's texts how he critically challenges yet also confirms Milton's status and how he constructs him as a biographical subject is to deepen the modern reader's understanding of both writers in the context of historical continuity and change Christine Rees's insightful study will be of interest not only to Milton and Johnson specialists but to all scholars of early modern literary history and biography
