Scheingold, 2013-02-24 Lee Scheingold's rich painful intellectual and personal journey following the death of her husband famed political scientist Stuart Scheingold is described from the points of view which have informed her life psychoanalysis clinical social work Buddhism and family medicine Yet it is poetry that is the connecting thread beginning with the Russian poems which she studied long ago in college She describes her return journey to Russian literature in the wake of profound grief This is an emotional and yet academic account from an author who has approached her life with almost continual self reflection As a result of this examined life the factors and life experiences which enabled her to tolerate and even welcome the feelings of grief are explored Two psychoanalyses and a ten year practice of Buddhism are examined in detail with the issue of meaning foregrounded Emotions have central stage here but ideas are close behind For Lee Scheingold poetry links the two The deeply evocative style of the book resembles poetry itself **Borderline Exegesis** Leif E. Vaage, 2014-01-21 In *Borderline Exegesis* Leif Vaage presents an alternative approach to biblical interpretation or exegesis an approach that bends the boundaries of the traditional North American methodology to analyze the meaning of biblical texts for a wider audience To accomplish this Vaage engages in a practice he calls borderline exegesis Adapting anthropological notions of borderlands borderline exegesis writes biblical scholarship peripherally unearthing the Bible's textual and discursive borderlands and allowing biblical texts to be at play with the utopian imagination The book's main chapters comprise four case studies that engage in a divergent reading of the book of Job the Gospel of Matthew the Epistle of James and the book of Revelation Informed by the author's time in war-torn Peru these chapters take on themes that the poor and disenfranchised have historically claimed themes of social justice the legitimacy or lack thereof of prevailing social practices and most importantly utopian demand for another possible world The chapters are held together by the presentation of a greater theoretical framework that provides reflection on the exegetical practices within and confronts biblical scholars with important questions about the aims of the work they do Taken as a whole *Borderline Exegesis* seeks to disclose what the professional

practice of textual interpretation might become if we refuse the conventional distances between academic practice and lived experience
