Ambedkar,Dr Ambedkar,2021-08-07 Who Were the Shudras is a history book by Indian social reformer and polymath B R Ambedkar The book discusses the origin of the Shudra Varna In the book Ambedkar citing Rigveda Mahabharata and other ancient vedic scriptures estimates that the Shudras were originally Aryans Ambedkar writes in the preface of the book Two questions are raised in this book 1 Who were the Shudras and 2 How they came to be the fourth Varna of the Indo Aryan society My answers to them are summarised below The Shudras were one of the Aryan communities of the solar race There was a time when the Aryan society recognised only three Varnas namely Brahmins Kshatriyas and Vaishyas The Shudras did

not form a separate Varna They ranked as part of the Kshatriya Varna in the Indo Aryan society There was a continuous feud between the Shudra kings and the Brahmins in which the Brahmins were subjected to many tyrannies and indignities As a result of the negligence towards the Shudras generated by their tyrannies and oppressions the Brahmins refused to perform the Upanayana of the Shudras Owing to the denial of Upanayana the Shudras who were Kshatriyas became socially degraded fell below the rank of the Vaishyas and thus came to form the fourth Varna Ambedkar also discusses Aryan race theory and rejects Indo Aryan migration theory in the book Who Were the Shudras ? ,2023 *Ambedkar's Political Philosophy* Valerian Rodrigues,2024-09-06 Ambedkar s Political Philosophy is a critical exploration of the political theory of B R Ambedkar the Indian thinker and leader who championed the cause of the socially oppressed Rodrigues examines the key concepts that Ambedkar used to envision a new framework of public life that would overcome the problems of marginality degradation and domination This framework is based upon an idea of the human endowed with the attributes of reasoning moral capacity self respect and a unique dignity that collectively entitles human beings to a distinct consideration as moral equals despite other differences Ambedkar deployed the idea of the human not merely to contend against the social institutions of caste untouchability and other forms of marginalities but also to interrogate texts traditions and modes of social dominance In a democracy the representational constitutional and institutional architecture of state power is geared to sustain and reinforce itself Such an architecture however may prove feeble unless shored up by the moral foundations of societies and backed by religious sanction In Ambedkar s view only Buddhism as a religion fits the bill In this book the author engages with Ambedkar s primary works in both English and Marathi and the debates around them and situates his ideas in the South Asian context making it a comprehensive and insightful commentary on his political philosophy and its relevance for contemporary society Who Were the Shudras ?
