## **Why God The Question Of The Ages:**

*Why, God* Glenn Smith, Jr.,2012-10-01      Big Questions in an Age of Global Crises Nick Megoran,2022-06-21 Does life have meaning purpose and value Can we know whether God exists If he does why does he allow bad things to happen How can we make sense of death and what lies beyond it And how can we live life well during a personal national or global crisis Human beings have always asked these big questions However crises like the COVID 19 pandemic the 2007 2008 financial collapse or the War on Terror following the 9 11 attacks make them seem more urgent and harder to avoid This short book is an accessible introduction to these questions It makes no assumptions about the reader s beliefs but is written for anyone who wants to understand how Christian ideas can help make sense of life and live it well during difficult times Each chapter is illustrated with examples from the lives of a wide range of people over time as well as stories from films novels and music to help the reader think through these weighty issues in an engaging way      *The Living Questions of the Age.* by An American Citizen. James Barr Walker,1869      **God and Reason in the Middle Ages** Edward Grant,2001-07-30 Between 1100 and 1600 the emphasis on reason in the learning and intellectual life of Western Europe became more pervasive and widespread than ever before in the history of human civilization Of crucial significance was the invention of the university around 1200 within which reason was institutionalized and where it became a deeply embedded permanent feature of Western thought and culture It is therefore appropriate to speak of an Age of Reason in the Middle Ages and to view it as a forerunner and herald of the Age of Reason that was to come in the seventeenth century The object of this study is twofold to describe how reason was manifested in the curriculum of medieval universities especially in the subjects of logic natural philosophy and theology and to explain how the Middle Ages acquired an undeserved reputation as an age of superstition barbarism and unreason      *Why God?* McLean Counte,2005-07 The prevailing attitude in today s society is that all living things our world and the universe was created and is under control of an omnipotent God Civilizations from simple tribal groups to mighty nation ancient to modern have worshipped supernatural deities gods or a God Do people living in today s sophisticated industrial societies really believe in a God that was born in ancient times out of ignorance of nature and its workings Since there is no proof that God exists doubts about his existence are always present Doubts are disclosed in subtle ways to avoid being labeled a non believer or even worse an atheist For 2000 years the Christian religion has been a way of life for most of the western world It has shaped our lives by moral teachings supposedly handed down by God for which we must be eternally grateful by paying homage to Him for our very lives Where would the world be today if Christianity had not taken over the European world when the Roman Empire fell WHY GOD takes on these daunting subjects by examining these beliefs and attitudes      **The God Questions, Exploring Life's Great Questions About God** Hal Seed,Dan Grider,2007-10 How do I know that God is real Is the Bible really the Word of God or is it just an ancient book Why are Christians so exclusive Is there really only one way to heaven All of these are tough questions but in *The God Questions* they are addressed

head on with hard hitting facts that tell the truth The God Questions gives brief simple and easy to understand answers to the eight key questions everyone asks about Christianity Divided in 40 short readable chapters this book will help you

Kato,2023-07-24 In a secular age which dismisses once revered matters such as Bible reading is there still a point to reading and studying Christianity s foundational text This book will answer an unequivocal Absolutely Why For us located in the West the Bible is a vital part of our spiritual ancestry a dominant idea of the book Hence learning how to read and interpret the Bible properly particularly the New Testament is like getting to know our spiritual ancestry better The main strategy that this work will suggest is to treat the New Testament as a metaphorical textual village where some of our most important spiritual ancestors continue to live If we learn some good strategies to communicate with them we will be able as it were to visit this village have meaningful conversations with our spiritual ancestors and thus become better grounded in our spiritual ancestry here in the West With that we can return to our secular context better equipped both to embrace and wrestle with that spiritual ancestry Hopefully that will also help us to create for ourselves a meaning system or spirituality that would be appropriate for our present world while being well grounded in our spiritual tradition *Essential Questions and Answers*

Why Did God Do That? Matthew Tingblad,2023-09-12 If God is good then why did he do that Violent wars harsh laws pronounced judgments Christianity proclaims God's goodness yet the Bible is filled with passages that seem to paint a different picture On the surface such depictions can hinder our confidence in God's goodness But when we're willing to look deeper we discover a consistent purpose behind everything God does and that he is greater than we could ever imagine Alongside bestselling author Josh McDowell Matthew Tingblad invites you to discover how a good God has good reasons for his challenging actions in the Bible Throughout you will uncover the reality of God's consistent motives and purposes holiness justice and radical mercy Whether you have your own questions about God or are ministering to those who do Matthew and Josh will guide you through these difficult passages and ideas all the while pointing to God's power and redeeming love Find confidence and joy in discovering that God is good always good even in the passages of Scripture that appear to convey otherwise

**A Metaphysics of Creation for the Information Age** Liran Shia Gordon,2022-05-23 The metaphysical and theological writings of John Duns Scotus 1265-1308 one of the most intriguing albeit if now high forgotten philosophers of the late Middle Ages were seminal in the emergence of modernity A Metaphysics of Creation for the Information Age A Dialogue with Duns Scotus uses the prism of the concept of Creation as the leitmotif to assemble and interpret Scotus's system of thought in a unified manner In doing so Liran Shia Gordon reframes Scotus's metaphysics such that it confronts the challenges posed by information technology and its impact on our lives thought and actions Surprisingly although there has been great interest in the emergence and dissemination of information technology through the popular media there has not yet been a genuine and vigorous philosophical consideration of the multiple ways information technology alters the basic categories by which we perceive and understand reality Juxtaposing medieval philosophy and information technology offers an unconventional horizon to frame the foundational changes carried by the information revolution and reassess the relevancy of medieval philosophy
