Winnie De Poeh En Succes:

Gravitating Towards Success Daniel Theyagu, 2012-11 This is a book about how you can love your life and live it to the fullest Face it you have only one life I know there are people who believe that there may be a hereafter but hey you are not there yet You are here and now Take the cue from Lord Buddha Do not dwell in the past do not dream of the future concentrate the mind on the present moment So why waste your life when you can achieve whatever you want and gravitate towards success It does not matter where you were born or in what circumstances that you were born It does not matter whether you are physically challenged owing to some birth defect or through accident The human spirit is indomitable You can live your life in whatever way you want But to do this you need to take action You need to develop specific skills and adopt new habits and qualities You need to have the right attributes Pablo Picasso said Action is the foundational key to all success
